Apple II Technical Notes

Developer Technical Support

ProDOS 8
#14: Selector and Dispatcher Conventions

Revised by: Matt Deatherage
November 1988
Revised by: Pete McDonald
December 1985

This Technical Note formerly described conventions for a ProDOS application to start and quit.

Section 5.1.5 of the *ProDOS 8 Technical Reference Manual* now documents the conventions a ProDOS application should follow when starting and quitting, which were formerly covered in this Note as well as ProDOS 8 Technical Note #7, Starting and Quitting Interpreter Conventions.
