GoScript products allow you to enjoy:

- Fonts! Scalable from 4 to 1000+ points
- The untapped power of your application's PostScript language features and benefits (PageMaker, Word, WP, VP, Windows, etc.)
- PostScript language printing on most popular laser, ink jet and dot matrix printers
- Time and money savings by proofing your PostScript documents before typesetting
- Conversion of PS files to PCX and TIFF
- True WYSIWYG screen preview for EGA and VGA monitors
- Interactive mode for direct communication with the interpreter
