1.2   mega

Found in the Misc drawer you will find a new season file.
Replace yours with this one after making a backup.

You will now find new Cups listed after loading XTR. Not all of the
Cups can necessary be loaded. Example, if you did not own the
'Data Disks Pack' you would not be able to load cups "KIWI_CUP",
"HOT_LEATHER_CUP" and "DOUBLE_D_CUP" etc. Nor could you load tracks
which use the 'Data Disk Pack''s Graphic tile sets.

This release includes 'Skull Army 3' Cup tracks.

The Skull Mega Cup
~~~~~~~~~~~~~~~~~~~

Find also the 'Skull Mega Cup' listed in the Cup Menu. This 25 race Cup
contains many user defined tracks from Public Domain. It holds all the
Bonus races, plus a few of my tracks as well.

If you want to play this Cup then all of the following tracks MUST be
installed, as well as the 'Data Disk Pack'.:-

"Skull Army" Cups 1-3   By David J. Cruickshank
"Green_Wood" tracks 1-6   By Dave Higton
"Ace_Duplo" tracks 1&2   By Ilija Hodak
"Ace_Gothic" track 1   "   "

A lot of these tracks can be found on the 'Aminet' or Magazine cover CDs.

Any one who completes this Mega Cup, then well done.

Also available from me are 4 other games. These games are Shareware.
Restricted versions of theses games can be found in the Public Domain. The

full versions can be bought from me (the author) at a very cheap price.

The games are as follows:-

ALIEN FISH FINGER   Screen~Shot
~~~~~~~~~~~~~~~~~~
This game is a Flip Screen, Platform, Arcade, Shoot em'up. You control a
bloke, named 'Frank Finger', around a deadly alien infested planet. You are
armed with an upgradable super weapon, which comes complete with a deadly
powerful Grenade launcher.

The game is a sort of 'Turrican' meets 'Worms'. If you don't own a copy, buy
a copy now!

Mag. Review Quotes:-
"....your missions take you through some weird and wonderful worlds in which
you explore numerous screens and shoot everything in sight...."
"...the sprites may be tiny, but you can clearly see what's going on, right down
to the streams of blood flowing from open wounds."
"...the sprites move with surprising grace in all directions. Along the way
you'll come across plenty of aliens and space craft, and it's all pretty
impressive stuff to be honest."   Amiga Action (September 95)

"In short, AFF is the best PD game I have ever played (and I've played a few)
The difficulty level is set just right so you always find something new, the
missions are poriginal and it is extremely addictive."
                        ShareWorld 7 Disk Magazine.   Overall Score 94%

Also winner of 'Amiga Format' best Cover CD game. Christmas issue 1996.

WIRED CHAOS
~~~~~~~~~~~~~
A Multi-player light cycles clone with many power-ups and features. This is
probably one of the best light cycle clones there is. If you don't take my word
for it, check out what the magazines said about it.

"Occasionally a PD game comes in that we all play for hours. Wired Chaos is
the best version of Light Cycles available. So there!....."
"...in fact basically, it's just about the best PD game we've come across in
quite some time. I beg and implore you to buy the shareware version and
encourage more top products like this." Amiga Action (Game of the Month)

"....Playability is present in copious amounts, and a good many hours could
be spent crowded around the keyboard with a bunch of partially inebriated
companions revelling in the addictive action."   Amiga Computing (Game of the ←
    Month)

```
HYDROZONE
~~~~~~~~~~
```
Fly through fast, speedy 3D tunnels trying not to crash.
Mag. Review Quotes of HydroZone:-
"This shareware effort, from little known Skull Army Software, could with a
lot of polishing pass for a commercial release. As it stands at the moment it
is far better than average PD games, the first in fact to earn our all-new PD
games of the month accolade."   Amiga Action (Game of the Month)

Plus also:-

```
SPEED RACER FX
~~~~~~~~~~~~~~~~
```
The Sequel to the above, but so much better. Race against Human or computer
players, up to 6 in a league, through super fast 3D tunnels.
Plus define your own using the supplied Tunnel Designer.
A recommended buy, if you are a speed freak.
