

serveur archive ftp anonyme r seau internet

Q: O  se trouvent les serveurs FTP anonymes sur le r seau InterNet?

R: Voici une liste acc d e par FTP du centre Internet pilot.njin.net (128.6.7.38), le fichier est /pub/ftp-list/ftp.list dat  le 2 Avril, 1991.

ATTENTION: Si vous avez des questions, ou autres commentaires, vous pouvez me contacter par courrier  lectronique, mais veuillez lire tout d'abord ce pr face.

NOUVEAU: J'ai ajout  un chiffre GMT pour chaque centre qui poss de telnet port 13 pouvant r pondre de mani re standard. Ce chiffre est ce qu'il faut ajouter   l'heure locale du centre pour avoir l'heure GMT. Par exemple, pilot.njin.net est GMT 4, ce qui veut dire que vous devez ajouter 4 heures   l'heure locale du centre pour avoir l'heure GMT. Ainsi, en r alit , pilot a 4 heures d'avance sur GMT. La plupart des syst mes unix peuvent vous donner l'heure GMT avec la commande "date". Veuillez utiliser "ftp" pendant les heures peu fr quent es si possible.

Voici ma liste des serveurs Internet qui acceptent ftp anonymes. Cette liste est distribu e automatiquement une fois par mois.

Si vous envoyez cette liste   quelqu'un, veuillez garder cette pr face intacte. Autrement, je peux recevoir de nombreuses questions qui auraient pu  tre r pondues. Vous  tes libre de distribuer cette liste pour que nous puissions tous jouir d'un riche r seau d'information.

Cette liste est post e sur comp.misc, et comp.sources.wanted, sur le r seau Usenet et elle est distribu e par FTP anonyme   partir de pilot.njin.net (128.6.7.38). Elle est aussi fournie sur plusieurs autres serveurs FTP (voir liste). Je suis aussi responsable d'un simple serveur de courrier  lectronique sur pilot. Pour avoir plus d'information sur le serveur, vous pouvez  crire   l'adresse odin@pilot.njin.net avec comme sujet "listserv-request" et comme texte "send help". Ne me demandez pas la plus r cente liste par courrier, mais  crivez directement   l'adresse listserv. Si vous m'envoyez une demande pour la liste la plus r cente, je vous enverrai le fichier aide pour listserv.

Je n'ai pas le temps de lire toutes les publications des newsgroups, et je vous prie d'utiliser mon adresse  lectronique pour communiquer avec moi directement.

Sincères remerciements à Edward Vielmetti pour ses efforts pour poster les nouvelles informations sur comp.archives, et à David Katinski, pour me permettre de travailler sur cette liste à partir de pilot.

Veuillez adresser toutes changes/corrections/etc à l'adresse odin@pilot.njin.net.
La dernière ligne de chaque centre mentionne la date de modification la plus récente ainsi que le login et mot de passe sous forme <login>/<password>. Pour les centres ayant comme mot de passe "odin@pilot.njin.net", vous pouvez substituer votre propre adresse électronique (user@host.domain). Il est préférable que vous utilisiez votre adresse électronique comme mot de passe si possible, même si ce n'est pas nécessaire, pour que les centres puissent savoir qui sont leurs utilisateurs.
Pour ceux qui n'ont pas ftp mais seulement courrier électronique, j'ai inclus l'adresse électronique d'un serveur archive qui peut vous fournir les fichiers par courrier. Envoyez le message "Help" au serveur pour savoir les commandes nécessaires.

Le seul centre archive à la fois ftp et courrier électronique de ma connaissance est:

bitftp@pucc.princeton.edu (most well-known)

S'il vous plaît, ne me demandez pas comment l'utiliser, car le centre sait mieux comment répondre à cette question.

merci,
Jon Granrose
2 Avril, 1991

+++++
NOTE IMPORTANTE: FTP anonyme est un privilège, pas un droit. Les gestionnaires des centres mentionnés ci-dessous ont fourni leur système par bonne volonté. Veuillez observer leurs demandes et limiter votre activité FTP aux heures non fréquentées (1900 - 0600 heure locale pour le centre). C'est particulièrement important pour les centres à l'étranger. Nous ne voulons pas voir les centres fermer peu à peu à cause de quelques individus inconsidérés.

```
