                             MayFlower Diskette

~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~
   Dear Amiga user,

   This diskette contains programs that I have created and maintained
   over the years.

   All programs previously released have had minor/major improvements
   done to them. Some programs will now work with the SPAT script file
   when working with wild character matching, and some programs will work
   in resident mode.

   Please read the "Version History" section of the program documents
   to see what has been changed or improved.

   Please direct all inquiries concerning these programs to the following
   address:
                                                --- ---
     Stephen D Childers                         (o) (o)
     2302 West Vesper Street                        ^
     Blue Springs, Missouri 64015               _____/
