

## The NCSA Imagemap Format

Keyword	URL	Coordinates
---------	-----	-------------

rect	your_url_here	x,y x,y
------	---------------	---------

circle	your_url_here	x,y x,y
--------	---------------	---------

oval	your_url_here	x,y x,y
------	---------------	---------

poly	your_url_here	x,y ... x,y
------	---------------	-------------

point	your_url_here	x,y
-------	---------------	-----

Rectangles are specified by their left, top, right and bottom coordinates.

Circles are specified by their center point, and an edge point.

Ovals are specified by their left, top, right and bottom coordinates.

Polygons are specified by a list of vertices.

Points are specified by their center point.
