

Dynamic Simulator

A new tool for mechanical simulations

Purchasing Information... As of April 15, 1991

Dynamic Simulator can currently be purchased directly from the author for a price of \$95.00. This includes a comprehensive manual, service & support, and a special upgrade deal on the upcoming vesion 2.0. It also includes both the +/SE, which runs on all the Macintoshes, and the regular version, which uses the math-coprocessor. An order form is given below.

The above price of \$95.00 is for Dynamic Simulator version 1.02 only and is only guaranteed until August 15, 1991. After that time, the price may remain the same, or may fluctuate without notice.

Feel free to contact me if you have any questions about the price or availablility of Dynamic Simulator.
