

## **Why send feedback?**

Have you encountered a bug in this software? Has this software unexpectedly quit or did you have to force quit for some reason? Are you searching through the help system and can't find an answer to your question? Have you found a topic in the help system that is not clear? Is there a feature you would like to see added to this software? Do you have a great idea for improving this software? Do you have any other questions, comments, or suggestions?

YENCO.COM wants to hear from you. Here's your chance to tell us what we are doing right and what we are doing wrong. Your feedback is very important. It helps us to fix problems and improve this product in the future to better meet your needs and the needs of all our users.
