

The most complete and probably the best backgammon game available for Windows. Easy to use interface and great graphics and sound. Speech is also supported.

Can play against the computer or with a friend.

Gives advice on moves and the doubling cube, can take back moves and doubles of the cube, on-line help, can pick up more than one piece at a time, shows best moves, can set up any board situation, can change board colors, multiple board sizes, tournament play, extensive help system, plus much more.

In this version you will be able to finish half or more of the games.

Requires Windows 3.1 or later and an unZIPing utility.
