# Contents

# Chapter 1

# perl_5.003

## 1.1   Perl manual pages

```
perl       Overview
perltoc    Documentation table of contents
perldata   Data structures
perlsyn    Syntax
perlop     Operators and precedence
perlre     Regular expressions
perlrun    Execution and options
perlfunc   Builtin functions
perlvar    Predefined variables
perlsub    Subroutines
perlmod    Modules
perlref    References
perldsc    Data structures intro
perllol    Data structures: lists of lists
perlobj    Objects
perltie    Objects hidden behind simple variables
perlbot    OO tricks and examples
perldebug  Debugging
perldiag   Diagnostic messages
perlform   Formats
perlipc    Interprocess communication
perlsec    Security
perltrap   Traps for the unwary
perlstyle  Style guide
perlxs     xS application programming interface
perlxstut  xS tutorial
perlguts   Internal functions for those doing extensions
perlcall   Calling conventions from C
perlembed  How to embed perl in your C or C++ app
perlpod    Plain old documentation
perlbook   Book information
```

## 1.2   Perl manual pages

```
perl       Overview
```
