# Amiga MUI Classes guide

This guide is completely created GuidEd, written and copyright by Linus McCabe, a MUI based AmigaGuide editor. Take a look for it in the Aminet.

The version compare uses VersCheck, a freeware program, written by myself. You find latest version on my [homepage](#) or in the Aminet.

## 1.2 MUI Copyright notice

----- MUI - MagicUserInterface

Version 3.8

(c) Copyright 1992-97, Stefan Stuntz -----

MUI is an object oriented system to create and maintain graphical user interfaces. From a programmers point of view, using MUI saves a lot of time and makes life much easier. Thinking about complicated terms like window resizing or font sensitivity is simply not necessary.

On the other hand, users of MUI based applications have the ability to customize nearly every pixel of a programs interface according to their personal taste.

Please click on the Install-MUI icon to install MUI on your system or to update from previous versions. Latest news and support can be found on Internet at [www.sasg.com](http://www.sasg.com).

Attention

If you're still not registered for MUI, check the new and unique shareware lottery and great discounts at [www.sasg.com](http://www.sasg.com). Give it a try!

## 1.4 Update a MCC Class

Update a MCC-Class

Most MUI/MCC-Classes will be find on the Aminet in the latest versions. Take a look to <http://de.aminet.net>

MUI homepage: <http://www.sasg.com>

Authors:

In the documents of the classes are a lot of email-addresses, addresses and home-pages found. But, because I don't know how actual they are and if the author's give me permissions to include this date's in this guide I only including the official MUI-page. Other homepage's will be placed here if the author's want so.

A unofficial list of MUI-Classes can be find in the Web on <http://www.amiga.dk/tumult> There are also links to the most download pages. Look on this page for updates and also in the great AmiNet!

## 1.6 Register a Library

Register new library's

If you found a new version or write an own library and want it to include in this Guide, please send an email to:

[Gateway5@gmx.net](mailto:Gateway5@gmx.net)

I include the information in the next release.

If you have informations about authors, dates or informations that are not included yet, please send this also!

## 1.7 Wanted MUI Author

WANTED: MUI-Author

I created this Guide, because the informations are not included in the existing Guide in the moment and the work on them are much enough work for the authors.

But, I programming without use of MUI and I think the programmers of the MUI classes have most the newest and best informations, better than my.

So I think this work can better done by any of this people. If you programming with MUI and want to do this work in future, please contact me to do so.

For the time no insider do so, I do the work.
