1.6 distribution

This software is CDWare. It is freely distributable as long as the archive remains intact, and only a nominal fee is charged for its distribution.

In fact, this "software" is "I like PSX's CDs, Amiga and Audio"ware, a gift, an ↵ exchange ? mail it.....

I will send you a 100% custom "registred" version, an option in plus or in minus, a special 68060 version, in short everything that you want !

This software is provided "AS IS" without warranty of any kind, either expressed or implied. By using it, you agree to accept the entire risk as to the quality and performance of the program.
