

MessagePad 2000 with Newton 2.1 Operating System

Features

Included software

- Includes business software programs: word processor, Internet e-mail client, World Wide Web browser, and spreadsheet (in some configurations)
- Allows freeform notes, outlines, lists, and phone logs via digital ink or handwriting recognition
- Helps you plan activities using the calendar, and manage priorities using the To Do List
- Includes name and address files
- Offers productivity tools such as time-zone maps, a calculator, and currency exchange

Built-in communications

- Includes Internet and intranet access through TCP/IP, PPP, SLIP, PAP, and CHAP protocols; e-mail; and World Wide Web browser
- Imports and exports data, installs software, and backs up files with your personal computer using the included Newton Connection Utilities
- Can send and receive faxes and electronic mail using an optional wired or wireless modem
- Prints formatted letters and notes using Apple printers, IrDA printers, and serial or parallel printers with the optional Print Pack
- Lets you beam notes, messages, packages, schedules, and business cards via built-in infrared communications
- Assists you in making phone calls, finding information, and sending and receiving e-mail and faxes

Expandable functions

- Contains two slots for PC Card peripherals such as cellular, radio, or landline modems
- Includes a serial port for connecting to personal computers, printers, the Newton Keyboard, or external modems
- Supports a variety of third-party productivity, finance, time and billing, and information management software

Now, with the Apple MessagePad 2000 handheld computer, you won't have to carry a heavy laptop around anymore.

That's because this small wonder weighs under a pound and a half, yet puts the core business applications you need—word processor, spreadsheet,* datebook, contacts, and to-do lists—at your fingertips when you're away from your desk.

Slip a modem into one of its two PC Card slots, and you can send and receive e-mail and faxes, and connect to the Internet or an intranet. You can even pair the MessagePad 2000 with your cellular phone or wireless modem, and connect from virtually anywhere.

In terms of speed, the new StrongARM processor in the MessagePad 2000 allows it to run up to five times faster than any current version of handheld computers. It also includes more memory for storing applications or user data.

**Included software depends on configuration.*

The backlit screen—larger than that of any other MessagePad—displays sharp graphics in 16 levels of gray at 100 dots per inch.

And the internal microphone and speaker allow you to record and play back voice notes.

The MessagePad 2000 includes all the cables and software you need to connect to your Mac OS—or Windows software-based computer. It lets you import and export data for use with most popular personal computer software programs, and make backups.

Probably the best news for busy professionals on the move is that the MessagePad 2000 can deliver up to 24 hours of continuous battery life or 3 to 6 weeks of average use.

No matter where or how you're traveling, the MessagePad 2000 is the smart choice for staying connected, and for putting critical information at your fingertips when you need it.

MessagePad 2000 with keyboard (order no. H0225LL/A), available in the United States only.

MessagePad 2000 with Newton 2.1 Operating System

Ordering Information

MessagePad 2000 with Newton Keyboard 8MB ROM, 5MB RAM (1MB of DRAM, 4MB of Flash RAM)

Order No. H0225LL/A

- MessagePad 2000 handheld computer with Newton 2.1 operating system
- Newton Keyboard
- MessagePad 2000 pen
- Four AA alkaline batteries
- Newton Connection Utilities software for Mac OS- and Windows software-based computers
- Serial cables for Mac OS- and Windows software-based computers
- Newton Serial Adapter
- Carrying case for MessagePad 2000 and Newton Keyboard
- Complete setup, reference documentation
- Limited warranty

MessagePad 2000 8MB ROM, 5MB RAM (1MB of DRAM, 4MB of Flash RAM)

Order No. H0136Z/A

- MessagePad 2000 handheld computer with Newton 2.1 operating system
- MessagePad 2000 pen
- Four AA alkaline batteries
- Newton Connection Utilities software for Mac OS- and Windows software-based computers
- Serial cables for Mac OS- and Windows software-based computers
- Newton Serial Adapter
- Complete setup, reference documentation
- Limited warranty

MessagePad 2000 8MB ROM, 5MB RAM (1MB of DRAM, 4MB of Flash RAM)

Order No. H0226LL/A

- Same as H0136Z/A without spreadsheet

Accessories

Please see the *MessagePad Accessories* data sheet for detailed information.

Note: All SKUs include the following applications except where noted: word processor, Internet e-mail client, WWW browser, spreadsheet, names, dates, and notes.

Technical Specifications

Newton Intelligence

Newton Recognition Architecture

- Recognizes handwriting—printed, cursive, or a mixture of the two—with the assistance of a 93,000-word, built-in word list
- Lets you add words to the built-in word list
- Includes four pop-up keyboards: typewriter, numeric, phone, and time/date
- Recognizes graphics and symmetrical objects

Newton Communications Architecture

- Provides built-in support for serial communications, external keyboard, PC Card modems, sending and receiving faxes, and e-mail
- Supports new communications capabilities through its modular design
- Supports Group 3 and Class II fax machines
- Supports Internet and intranet protocols

Intelligent Assistance Architecture

- Helps users complete repetitive tasks including communications, scheduling, finding, and reminding
- Contains smart defaults that anticipate your needs, saving you time in entering data
- Integrates data from different built-in applications
- Supports third-party extensions

Newton Hardware Architecture

- StrongARM SA-110 RISC processor at 162 MHz
- Newton custom system chip set—ASIC
- 5MB RAM (1MB of DRAM, 4MB of Flash RAM)
- 8MB of mask ROM
- Low-power, transfective 4.9-in. by 3.3-in. (129.8-mm by 83.2-mm) liquid crystal display (480 by 320 pixels at 100 dpi, with 16-level gray scale and EL backlight)
- Nonglare resistive tablet and full-size pen
- Two Type II PC Card slots (3 V and 5 V cards)
- Newton InterConnect external port supporting: Serial connections or LocalTalk, serial modem interface, power in and out, audio in and out (line level), autodock support
- One internal serial slot supporting serial connections or LocalTalk, serial modem interface, serial keyboard (option), power in and out, audio in and out (line level)
- Dual-mode infrared transceiver for wireless data transfer at up to 115 Kbits/s (IrDA mode) and 38.4 Kbits/s (ASK mode) within 3.28 ft. (1 m)
- Keyboard (included with some configurations)
- Built-in speaker
- Built-in microphone
- Fast charge for optional Newton Rechargeable Battery Pack that charges in 1 hour when in sleep mode
- Optional external Newton 9W Power Adapter for unit operation or fast charging of Newton Rechargeable NiMH Battery Pack
- Protective removable screen lid
- Integral pen storage

Communications capabilities

- Communicates via e-mail or taps into online services and the Internet or an intranet with an optional wired or wireless modem card and included software
- Faxes using optional fax modem (automatic cover-page generation, post-formatting)
- Supports serial, parallel, IrDA, and network printers
- Receives and stores wireless messages and pages using optional messaging cards*
- Beams notes, name cards, appointments, and packages using high-speed infrared technology
- Automatically dials phone calls with assistance from intelligent auto-dialing (DTMF or modem dialing)*
- Connects to cellular or GSM phones for wireless data and fax communications with optional PC Modem Card

Size and weight

- Height: 1.1 in. (27.5 mm)
- Width: 4.7 in. (118.7 mm)
- Depth: 8.3 in. (210.3 mm)
- Weight: 1.4 lb. (0.64 kg) with alkaline batteries

Operating environment

- Temperature: 32° to 104° F (0° to 40° C)
- Transit temperature: -13° to 140° F (-25° to 60° C) for up to 48 hours, 5% to 95% noncondensing relative humidity

Power requirements

- Newton 9W Power Adapter (optional)
—Universal, 100 to 240 V AC, 50/60 Hz
—Three adapter plugs: U.K., Europe, and Australia
- Built-in fast charger for optional NiMH battery pack
- Power sources: four AA (LR6) alkaline batteries (included), optional Newton 9W Power Adapter, or optional Newton Rechargeable Battery Pack

Computer connectivity requirements

- Works with PC-compatible computers with 80386DX or later processors (80486 recommended) running Windows 3.1 or later
- Works with Mac OS-based computers with 68030 or later processors and system software version 7.1 or later

Printer support

- Offers built-in printer support for Apple LaserWriter Plus (and other PostScript-equipped LaserWriter printers), Personal LaserWriter LS, and Personal LaserWriter 300, as well as StyleWriter printers and Hewlett-Packard DeskWriter printers
- Works with the Hewlett-Packard LaserJet 5MP and DeskJet 340 through IrDA
- Works with most popular PC printers including the Hewlett-Packard LaserJet II and DeskJet 500; Canon BubbleJet 10e; and Epson LQ, Action, and FX printers using the optional Newton Print Pack

Fax machine support

- Supports Group 3 and Class II fax machines
