

1.5 Button Bar

Below the Course Outline is a set of different colored buttons. Depending upon what you have selected on the course outline, you see different buttons available. These buttons have the same functions as the options found under the “Action” menu.

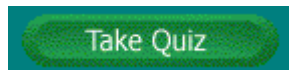

- The “View Lesson” button plays a video lesson for the selected section or subsection.

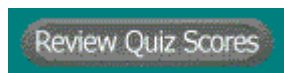

- The “KeyNotes” button lets you view a list of text notes and exercises pertaining to the section or sub-section.

- The “Take Quiz” button lets you take a quiz about the section you have selected.

- The “Review Quiz Scores” button lets you see which lessons you have viewed and how you scored on each quiz. Any section you haven’t viewed has a gold star by it and the quiz score displays a “0”.

- The “Review Lessons” button lets you view lessons assigned to a section or sub-section.

- The “View All Lessons” button plays every video lesson sequentially for a selected section.
