

Surround Video™ SDK - README

Sample Images are located on the CD in the folder named “***Images***”. If you have problems opening the images, please copy them to your hard drive and make sure they are not marked “*Read-Only*”.

For those of you who have purchased the *Retail version* of the SDK, please see the file named “**redist.txt**” for a list of files which you may redistribute. This file is in the “**Redist**” folder where you installed the software.

For those of you who have the *Evaluation version* of the SDK, you may upgrade to the Retail version by purchasing a valid serial number and reinstalling the software. To purchase a valid serial number, please call (603) 430-7777 between the hours of 8:00 and 6:00 EST.
