Try the Beta version of EncryptDrop. Please read the following license agreement carefully before proceeding to use the program.

Righteous Technologies. Beta License Agreement

Please read the following license agreement carefully before using this program. If you decide to install and use this program, you will have to abide by the terms and conditions of this license agreement. If you do not accept the terms of the agreement, do not install the program.

You are about to install a product which includes software licensed by Righteous Technologies. These software products, along with associated elements, printed material and online or electronic documentation are protected by international laws and treaties governing intellectual property rights. The software has been licensed, not sold. All rights reserved.

1.- **License Grant.** Righteous Technologies grants the user the non-exclusive and non-transferable right to use this program and documentation for evaluation purposes only.

2.- **Intellectual Property.** This program, as well as any corresponding documentation or information, is the exclusive property of Righteous Technologies. Righteous Technologies owns all intellectual property rights and copyrights pertaining to the programs, documentation or any other product given to the user as part of this agreement. The acceptance of the terms and conditions of this agreement does not confer any rights of ownership over the aforementioned programs or products belonging to Righteous Technologies.

3.- **Evaluation.** The user may give Righteous Technologies any information about the functioning of the program, problems and improvements that the user may consider necessary. These reports can be used by Righteous Technologies for any purpose, without the user's consent or any obligation on the part of Righteous Technologies to the user without prejudice to that laid out in Clause Eight of this agreement.

4.- **Warranty.** The user recognizes and accepts that the program is of an experimental nature and is not a commercial product and its functionality is not guaranteed. The program is accepted by the user 'as is', and Righteous Technologies will not accept claims concerning failure to fulfill presumed functions. The user renounces any claim to compensation and/or damages from Righteous Technologies arising directly or indirectly from the program's functioning or failure to function, including (but not limited to) business interruptions, monetary loss or loss of anticipated income as a result of the use of the program. The user affirms that he/she is not an employee of a competitor of Righteous Technologies and that he/she does not have any other relation or connection to any of Righteous Technologies' competitors.

5.- **Confidentiality.** The user recognizes that the program, documentation and/or any other information or material provided by Righteous Technologies is confidential information belonging to Righteous Technologies. Given the experimental nature of the program, the user agrees not to reveal to third parties any information regarding this program, documentation and/or any other information or material provided by Righteous Technologies, without written permission from Righteous Technologies. The program and any other information provided by Righteous Technologies is confidential and the user must protect it as such. In the case of business users, the user agrees to establish with those employees with access to the program, documentation and/or any other information or material provided by Righteous Technologies, the warnings and documentation necessary to ensure that the confidentiality requirements are met. The user is not permitted to make copies of the program.

6.- **Restrictions.** The user agrees not to sell, lend, lease or transfer in any way copies of this program, documentation and/or any other information or material provided by Righteous Technologies as a consequence of the user accepting this agreement. The user is not permitted to decompile, reverse-engineer or disassemble this program.

7.- **Duration.** The right to use this program will terminate when any one of the following situations arises: Fifteen days after the final release version is generally available to the public or when Righteous Technologies notifies the user of any changes to the Beta version. However, Righteous Technologies and/or the user can terminate this agreement without cause, through written notification to the other party. The user must destroy the program and any copies within five days of the date of expiry of this license agreement, unless Righteous Technologies gives written authorization to the contrary. All provisions related to confidentiality will remain effective after the agreement has ended.

8.- **Data Protection.** The user gives express permission that any personal information supplied to Righteous Technologies may be used to send, by any means including e-mail.The user has the right to unsubscribe from such communication by following the instructions at the end of Righteous Technologies e-mails. Righteous Technologies guarantees to undertake the necessary measures to ensure that this information will be treated confidentially.

9.**– Export Restrictions.** The user acknowledges and accepts that the program or any part thereof is subject to United States export control laws and hence the licensee is bound to abide by such legislation and any other applicable international export regulations. The user acknowledges and accepts that the program may not be exported or re-exported, either wholly or in part, to any country, person or organization subject to restrictions under United States export control laws or any other applicable international export regulations, unless the user is in possession of the corresponding valid export licenses. The user shall defend, indemnify and hold Righteous Technologies harmless in the event of any claim resulting from the user's failure to comply with export regulation.

10.**- General.** The user authorizes Righteous Technologies or its legal representative to visit him/her in order to verify that the conditions of this license are met. The user knows and accepts that Righteous Technologies may take legal proceedings should the user not adhere to this agreement. The present agreement is governed by Finnish law and in the event of any doubt or disagreement about its interpretation or effects, the only competent authority will be the Turku Courts of Justice. Both parties expressly renounce any other jurisdiction that may correspond to them. This license agreement represents the entire agreement between the user and Righteous Technologies. This license agreement supersedes any prior license agreements between the user and Righteous Technologies. If any provision in this agreement is against the law, that provision will be considered void, without affecting the totality of the agreement or implying that the agreement is void.
