

Knowledge Builder V2.0 Help

Introduction

Knowledge Builder is an interactive computer game designed to increase your knowledge of Islam. The game is comprised of three rounds. Each round contains 80 question cards and includes 10 treasures.

Your goal is to answer the questions and collect the treasures as they randomly appear on the question card. In Round 1, you have three chances to collect each treasure. In Round 2, you have two chances to collect each treasure; and in Round 3, you have only one chance to collect each treasure. Collect all 10 treasures and win the round. Win all three rounds and complete the game.

Game Setup

- Double click on the Knowledge Builder icon to start the game.
- Click on the "Options" button to set your game preference: Sound On or Off, Questions level.
- After you have made your selection, click on OK.

Playing Knowledge Builder

- Click on a hexagon to get the question card. You must click on a hexagon which is separated by a green segment. If you click on a hexagon that is not separated by a green segment, you will not get a question card.
- Answer the question by clicking on the answer

Scoring

Question cards will have one of the following features:

- 1 Treasure.
- 2 Fruit.
- 3 Blank.

- When answered correctly, a Treasure question is worth 1,000 points, a Fruit question is worth 400 points and a Blank question is worth 200 points.
- If you answer a question correctly, you will get an additional 20 points for every "GREEN" segment in the hexagon.
- If you answer a question incorrectly, you will lose 200 points in addition to 20 points for each "RED" segment in the hexagon.

Saving and loading the Game

- To save a game, go to the " Name " box and type in a file name for the game, then click on " Save Game".
- To load a game, go to the " Name " box and type in the name of a previously saved game you want to load, then click on " Load Game".
