
*A
Bibliography
of the
Hypogeous & Secotoid
Fungi*

Including:

***A List of Taxonomic References
for the
Hypogeous & Secotoid Basidiomycota***

*Compiled
by
Michael G. Wood*

last revision: 3 March 1996

Alsheikh, A. M. & J. M. Trappe. 1983. Desert truffles: the genus *Tirmania*. *Trans. Br. Mycol. Soc.* 81: 83-90.

Alsheikh, A. M. & J. M. Trappe. 1983. Taxonomy of *Phaeangium lefebvrei*, a desert truffle eaten by birds. *Canad. J. Bot.* 61: 1919-1925.

Alvarez, I. F., J. Parladé, & J. M. Trappe. 1992. *Loculotuber gennadii* gen. et comb. nov and *Tuber multimaculatum* sp. nov. *Mycologia* 84(6): 926-929.

Alvarez, I. F., J. Parlandé, J. M. Trappe, & M. A. Castellano. 1993. Hypogeous mycorrhizal fungi of Spain. *Mycotaxon* 47: 201-218.

B

Barnett, Horace L. 1943. The development and structure of *Longia Texensis*. *Mycologia* 35: 399-408.

Baura, G., T. M. Szaro, & T. D. Bruns. 1992. *Gastrosuillus laricinus* is a recent derivation of *Suillus grevillei*: molecular evidence. *Mycologia* 84(4): 592-597.

Bas, C. 1975. A comparison of *Torrendia* (Gasteromycetes) with *Amanita* (Agaricales). *Beih. Nova Hedwigia* 51: 53-60.

Beaton, G. & N. Malajczuk. 1986. A new species and a variety of *Labyrinthomyces* from western Australia. *Trans. Br. Mycol. Soc.* 86: 503-507.

Beaton, G., D. N. Pegler, & T. W. K. Young. 1984. Gasteroid Basidiomycota of Victoria State, Australia. I. Hydnangiaceae. *Kew Bull.* 39: 499-508.

Beaton, G., D. N. Pegler, & T. W. K. Young. 1984. Gasteroid Basidiomycota of Victoria State, Australia. II. Russulales. *Kew Bull.* 39: 669-698.

Beaton, G., D. N. Pegler, & T. W. K. Young. 1985. Gasteroid Basidiomycota of Victoria State, Australia. III. Cortinariales. *Kew Bull.* 40(1): 167-204.

Beaton, G., D. N. Pegler, & T. W. K. Young. 1985. Gasteroid Basidiomycota of Victoria State, Australia. IV. *Hysterangium*. *Kew Bull.* 40(2): 435-444.

Beaton, G., D. N. Pegler, & T. W. K. Young. 1985. Gasteroid Basidiomycota of Victoria State, Australia. V-VII. Boletales, Agaricales, & Aphyllophorales. *Kew Bull.* 40(3): 573-598.

Beaton, G., D. N. Pegler, & T. W. K. Young. 1985. Gasteroid Basidiomycota of Victoria State, Australia. VIII-IX. Additional taxa & Collectin, ecology & taxonomy. *Kew Bull.* 40(4): 827-842.

Beaston G. & G. Weste. 1977. The genus *Labyrinthomyces*. *Trans. Br. Mycol. Soc.* 69(2): 243-247.

Beaton, G. & G. Weste. 1983. The genus *Mesophellia* in Victoria, Australia. *Trans. Br. Mycol. Soc.* 80: 209-218.

Beaton, G. & G. Weste. 1984. Victorian hypogaeal Gasteromycetes: Mesophelliaceae. *Trans. Br. Mycol. Soc.* 82: 665-671.

Berch, Shannon M. & R. E. Koske. 1986. *Glomus pansihalos*, a new species in the Endogonaceae, Zygomycetes. *Mycologia* 78(5): 832-836.

Berkeley, M. J. 1857. On some new fungi. *Trans. Linn. Soc.* 22: 131.

Berkeley, M. J. & C. E. Broome. 1846. Notices of British hypogeous fungi. *Ann. Mag. Nat. Hist.* 18(1): 73-82.

Binyamini, N. 1980. Addenda to the hypogeous mycoflora of Israel. *Nova Hedw.* 32: 9-20.

Boedijn, K. B. 1939. The Tuberales of the Netherlands Indies. *Bull. Jard. Bot. Buitenzorg Ser. 3* 16: 236-244.

Bottomley, A. M. 1948. Gasteromycetes of South Africa. *Bothalia* 4(III): 473-810.

Bougher, N. L. & M. A. Castellano. 1993. Delimitation of *Hymenogaster sensu stricto* and four new segregate genera. *Mycologia* 85(2): 273-293.

Bougher, N. L. & N. Malajczuk. 1986. An undescribed species of hypogeous *Cortinarius* associated with *Eucalyptus* in western Australia. *Trans. Br. Mycol. Soc.* 86: 301-304.

Bougher, N. L., I. C. Tommerup, & N. Malajczuk. 1993. Broad variation in developmental and mature basidiome morphology of the ectomycorrhizal fungus *Hydnangium sublamellatum* sp. nov. bridges morphologically based generic concepts of *Hydnangium*, *Podohydangium*, and *Laccaria*. *Mycol. Res.* 97(5): 613-619.

Bruns, T. D., R. Fogel, T. J. White, & J. D. Palma. 1989. Accelerated evolution of a false-truffle from a mushroom ancestor. *Nature* 339: 140-142.

Bucholtz, F. 1903 Zur Morphologie und Systematik der Fungi hypogaei. *Annales Mycologici* 1: 152-174.

Burdsall, H. H. 1965. Operculate asci and puffing of ascospores in *Geopora* (Tuberales). *Mycologia* 57: 485-488.

Burdsall, H. H. 1968. A revision of the genus *Hydnocystis* (Tuberales) and of the hypogeous species of *Geopora* (Pezizales). *Mycologia* 60: 496-525.

C

Calhoun, C. C. 1989. *Thaxterogaster thiersii*: a new secotiid species from California. *Mycotaxon* 34: 65-70.

Calvelo, S. & L. Lorenzo. 1989. A new species and first record of *Gymnopaxillus* (Hymenogastrales) from Argentina. *Mycotaxon* 34: 163-168.

Castellano, M. A. 1988. The taxonomy of the genus *Hysterangium* (Hysterangiaceae, Basidiomycotina) with notes on its ecology. Ph. D. Thesis, Oregon State University, Corvallis. 238 pp.

Castellano, M. A. 1990. The new genus *Trappea* (Basidiomycotina, Hysterangiaceae), a segregate from *Hysterangium*. *Mycotaxon* 38: 1-9.

Castellano, M. A. 1995. NATS truffle and truffle-like fungi 4: *Amogaster viridgleba* gen. et sp. nov., a new truffle-like fungus from the Sierra Nevada. *Mycotaxon* 55: 185-188.

Castellano, M. A., & Ross E. Beever. 1994. Truffle-like Basidiomycota of New Zealand: *Gallacea*, *Hysterangium*, *Phallobata*, and *Protubera*. *New Zealand Journal of Botany* 32: 305-328.

Castellano, M. A. & J. M. Trappe. 1985. Ectomycorrhizal formation and plantation performance of Douglas-fir nursery stock inoculated with *Rhizopogon* spores. *Canad. J. For. Res.* 15: 613-617.

A List of Taxonomic References for the Hypogeous & Secotioid Basidiomycota

This list emphasizes the taxonomic literature for the genera of hypogeous and secotioid Basidiomycota found in California and the Western United States, although many genera are listed that have not been found in these areas. Genera known to occur in California are listed in **bold**. A reference with an asterisk (*) indicates the original description of the genus.

<i>Agrogaster</i> Reid Reid (1986)*	Smith & Singer (1959) Beaton <i>et. al.</i> (1985)
<i>Alpova</i> Dodge Trappe (1975) Dodge (1931)*	<i>Chondrogaster</i> Maire <i>Cremeogaster</i> Mattirollo = <i>Leucophlebs</i>
