YOU HAVE BEEN WARNED

Change Me

Dark gods from the pitch black pits of space and time have allowed this species to develop beyond their natural limitations. To spare us all from the mind-wrecking madness JIP has left out the final vision, which is the true climax of this evolution... For the creatures rise into the heavens only to be eaten alive by the malignant Ancient Ones...

GhostBusters-Busters

When we watched those sinister ghostbusters movies, did we not all weep? For the movies were so sad and the cute little ghosties always pulled the shortest straw. But winds do change. And after this rightful revenge... ghostbusters and humanity... will remain no more!

Liberatio

Straight from the crumbled pages of the Pnakotic Manuscripts, this vision shows how you are simply nothing. Just a fart in the thoughts of the Ones Above. Nor even they are worth a dime, for there always exists beings more sinister and evil...

Nastamuumio

Neatmummies cause havoc in the Ancient Egypt, by dropping disease-inflicting drawing pins into the ground. Just try to come and steal their mortal wealth, and you will face the horrors unending. And I can assure you, those pins are still there, buried in the sand...

Pomppivat Kalat

Deep down, under the waters which not many a man has seen, dwell the Squamous Things. Developed in the dark depths unknown... These fishy creatures know no Law Of the Fish these little critters swim and dance as they wish.

If ever does a human enter the abyss in a sunken ship, much partying will be done and their meals will be of extraordinary delight.

Rock Show

The awful Bloogz in their trees are awaiting for human prey. The heartattacks and the nightly deaths in our world are no more than a Bloogz cathing your dream self in this twisted dimension. But be no anguished, for your pitiful life is meaningless compared to the nourishing dinner of some happy Bloogz.

Sorry, no bonus (buaaa).
