

## Credits

Earlier versions based on the Simple HTML Editor by Eric Lease Morgan, NCSU Libraries. With version 1.0, HTML.edit contained no code from Eric's editor. This product contains numerous enhancements for which I'd like to thank all the shareware XCMD and XFCN authors below. HTML.edit would be a much lesser product were it not for their labors. It also contains a copy of the HTML Primer; thanks to NCSA.
