Available Tags:

#GA_Disabled (BOOL) - Set to TRUE to disable gadget, FALSE otherwise (defaults to FALSE). (V39)

#GTLV_ShowSelected (struct Gadget *) - NULL to have the currently selected item displayed beneath the listview under V37 or with a highlight bar in V39. If not NULL, this is a pointer to an already-created GadTools #STRING_KIND gadget to have an editable display of the currently selected item. If the tag is not present, the currently selected item will not be displayed. (V36)

#GTLV_Selected (UWORD) - Ordinal number of currently selected item, or ~0 to have no current selection (defaults to ~0). (V36)

- A0 - struct Hook *
- A1 - struct LVDrawMsg *
- A2 - struct Node *

The callback hook *must* check the lvdm_MethodID field of the message and only do processing if it equals LV_DRAW. If any other value is passed, the callback hook must return LVCB_UNKNOWN

#GTLV_MaxPen (UWORD) - The maximum pen number used by rendering in a custom rendering callback hook. This is used to optimize the rendering and scrolling of the listview display (default is the maximum pen number used by all of TEXTPEN, BACKGROUNDPEN, FILLPEN, TEXTFILLPEN, and BLOCKPEN. (V39)

1.7 numbergadget

within the gadget box. GTJ_LEFT will make the rendering be
flush with the left side of the gadget, GTJ_RIGHT will make it
flush with the right side, and GTJ_CENTER will center the number
within the gadget box. Under V39, using this tag also required
using {#GTNM_Clippped, TRUE}, otherwise the text would not show
up in the gadget. This has been fixed in V40.
(defaults to GTJ_LEFT). (V39)
#GTNM_Format (STRPTR) - C-Style formatting string to apply on the number
before display. Be sure to use the 'l' (long) modifier. This string

function for details. (defaults to "%ld") (V39)
#GTNM_MaxNumberLen (ULONG) - Maximum number of bytes that can be
generated by applying the #GTNM_Format formatting string to the
number (excluding the NULL terminator). (defaults to 10). (V39)
#GTNM_Clippped (BOOL) - Determine whether text should be clipped to
the gadget dimensions (defaults to FALSE for gadgets without
