

Textile and Apparel Goods

Section 1: Scope and Coverage

1. This Annex applies to the textile and apparel goods set out in Appendix 1.1.
2. In the event of any inconsistency between this Agreement and the Arrangement Regarding International Trade in Textiles (Multifiber Arrangement), as amended and extended, including any amendment or extension after the date of entry into force of this Agreement, or any other existing or future agreement applicable to trade in textile or apparel goods, this Agreement shall prevail to the extent of the inconsistency, unless the Parties agree otherwise.

Section 2: Tariff Elimination

1. Except as otherwise provided in this Agreement , each Party shall progressively eliminate its customs duties on originating goods as provided in its Schedule set out in Annex 302.2, in accordance with Appendix 2.1.
2. (a) For purposes of this Annex, a good shall be considered to be an originating good if the applicable change in tariff classification has been satisfied in the territory of one or more of the Parties, as provided by Article 404.

(b) For purposes of determining which rate of duty and staging category is applicable to an originating textile or apparel good, a good shall be a good of the Party in which the last substantial transformation occurred, according to each importing Party's regulations, practices or procedures or, in the event of an agreement between the Parties pursuant to Annex 312(1), setting out rules applicable to textile and apparel goods for determining whether a good is a good of a Party ("Marking Rules"), according to such agreement.
3. Each Party shall provide duty-free treatment for the following textile and apparel goods of another Party, provided such goods have been certified by the competent authority of the exporting Party as one of the following:

(a) hand-loomed fabrics of a cottage industry;

(b) hand-made cottage industry goods made of such hand-loomed fabrics; or

(c) traditional folklore handicraft goods

that have been identified and agreed by the Parties concerned for duty-free treatment.

Section 3: Import and Export Restrictions and Consultation Levels

1. Appendix 3.1 sets out certain circumstances and conditions under which prohibitions, restrictions, or consultation levels in effect upon the date of entry into force of this Agreement may be maintained, notwithstanding Article 309.

2. Each Party shall eliminate a restriction or consultation level on a textile or apparel good that otherwise would be permitted under this Annex if the elimination of that restriction is required as a result of integration of that good into the GATT pursuant to commitments undertaken by that Party under any successor agreement to the Multifiber Arrangement.

Section 4: Bilateral Emergency Actions (Tariff Actions)

1. During the transition period only, if, as a result of the reduction or elimination of a duty provided for in this Agreement, an originating textile or apparel good, or a good that has been integrated into the GATT pursuant to a commitment undertaken by a Party under any successor agreement to the Multifiber Arrangement and entered under a tariff preference level set out in Appendix 6.0, is being imported into the territory of another Party in such increased quantities, in absolute terms or relative to the domestic market for that good, and under such conditions as to cause serious damage, or actual threat thereof, to a domestic industry producing a like or directly competitive good, the importing Party may, to the extent necessary to remedy the damage or actual threat thereof:

(a) suspend the further reduction of any rate of duty provided for under this Agreement on such good; or

(b) increase the rate of duty on such good to a level not

to exceed the lesser of:

(i) the most-favored-nation (MFN) applied rate of duty in effect at the time the action is taken, or

(ii) the MFN applied rate of duty in effect on the day immediately preceding the date of entry into force of this Agreement.

2. In determining serious damage, or actual threat thereof, the Party shall:

(a) examine the effect of increased imports on the particular industry, as reflected in the following factors, none of which is necessarily decisive: changes in such relevant economic variables as output, productivity, utilization of capacity, inventories, market share, exports, wages, employment, domestic prices, profits and investment; and

(b) not consider changes in technology or consumer preference as factors supporting a determination of serious damage or actual threat thereof.

3. The following conditions and limitations shall apply to any emergency action taken pursuant to this Section:

(a) a Party shall deliver without delay to any Party that may be affected written notice of intent to take such action, and shall enter into consultations with that Party upon request;

(b) no action may be maintained for a period exceeding three years or, except with the consent of the Party against whose good the action is taken, have effect beyond the expiration of the transition period;

(c) no action may be taken by a Party against any particular originating good more than once during the transition period; and

(d) upon the termination of the action, the rate of duty shall be the rate that, according to the Schedule for that staged elimination of the tariff, would have been in effect a year after the commencement of the action, and commencing January 1 of the year following the termination of the action, at the option of the Party that has taken the action:

(i) the rate of duty shall conform to the schedule in that Party's Schedule in Annex 302.2, or

(ii) the tariff shall be eliminated in equal annual

stages ending on the date set forth in that Party's Schedule in Annex 302.2 for the elimination of the tariff.

4. A Party taking an action under this Section shall provide, to the Party against whose good the action is taken, mutually agreed trade liberalizing compensation in the form of concessions having substantially equivalent trade effects on the other Party, or equivalent to the value of the additional duties expected to result from the action. Such concessions shall be limited to the textile and apparel goods listed in Appendix 1.1, unless the Parties otherwise agree. If the concerned Parties are unable to agree on compensation, the exporting Party may take tariff action having trade effects substantially equivalent to the action taken under this Section against any goods imported from the Party that initiated the action pursuant to this Section. The Party taking such tariff action shall only apply it for the minimum period necessary to achieve such substantially equivalent effects.

Section 5: Bilateral Emergency Actions (Quantitative Restrictions)

1. Notwithstanding any other provision of this Agreement except Appendix 5.2, a Party may take bilateral emergency action against non-originating goods of another Party in accordance with this Section and the provisions of Appendix 3.1.

2. If a Party considers that non-originating textile and apparel goods, including goods entered under the tariff preference levels (TPLs) set out in Appendix 6.0, are being imported into its territory from a Party in such increased quantities, in absolute terms or relative to the domestic market, so as to cause serious damage or actual threat thereof, to a domestic industry producing a like or directly competitive good in the importing Party, that Party may request consultations with another Party with a view to eliminating the serious damage or actual threat thereof.

3. The Party requesting consultations shall include in its request for consultations the reasons that it considers demonstrate that such serious damage or actual threat to its domestic industry is resulting from the imports of the other Party, including the latest data concerning such damage or

threat.

4. In determining serious damage, or actual threat thereof,
the
Party shall apply the provisions of paragraph 2, Section 4.

5. The concerned Parties shall commence consultations within
60
days following the request for consultations and shall endeavor
to agree on a mutually satisfactory level of restraint on
exports
of the particular good within 90 days of the request, unless the
consulting Parties agree to extend this period. In reaching a
mutually satisfactory level of export restraint, the consulting
Parties shall:

(a) consider the situation in the market in the importing
Party;

(b) consider the history of trade in textile and apparel
goods between the consulting Parties, including the
previous levels of trade; and

(c) ensure that textile and apparel goods imported from the
territory of another Party are accorded equitable
treatment as compared with treatment granted to other
non-Party suppliers of like textile and apparel goods.

6. If the Parties do not agree on a mutually satisfactory
level
during the 90-day consultation period, the Party requesting
consultations may impose annual quantitative restrictions on
imports of the good from the territory of the other Party for a
period no longer than that provided for in paragraph 9, provided
that:

(a) the measure shall not have effect beyond the transition
period; and

(b) the quantitative restriction shall not be less than the
sum of

(i) the quantity of the good imported into its
territory from the Party that would be affected by
the restriction, as reported in general import
statistics, during the first 12 of the most recent
14 months preceding the month in which the request
for consultations was made, and

(ii) an additional 20 percent of such quantity for
cotton, man-made fiber and other non-cotton
vegetable fiber good categories and six percent
for wool good categories.

7. The first term of any quantitative restriction imposed under paragraph 6 shall commence on the day following the request for consultations and terminate at the end of the calendar year in which the quantitative restriction was imposed. Any quantitative restriction that is imposed for a term less than 12 months and the applicable flexibility provisions shall be prorated to correspond to the period of time remaining in the calendar year in which the restriction is imposed.

8. For each successive calendar year that the quantitative restriction imposed under paragraph 6 remains in effect, the Party imposing it shall:

(a) increase by 6 percent restrictions on cotton, man-made fiber and non-cotton vegetable fiber textile and apparel goods and by 2 percent restrictions on wool textile and apparel goods;

(b) accelerate the growth rate for quantitative restrictions on cotton, man-made fiber and non-cotton vegetable fiber textile and apparel goods if required by any successor agreement to the Multifiber Arrangement; and

(c) apply the flexibility provisions set forth in Appendix 3.1, as appropriate.

9. Quantitative restrictions established pursuant to paragraph 6 before July 1 in any given calendar year may remain in place for the initial prorated period in the first calendar year, plus two additional calendar years. Such restrictions established on or after July 1 in any given calendar year may remain in place for the initial prorated period plus three additional calendar years.

10. No Party may take an emergency action under this Section with respect to any textile or apparel non-originating good that is already subject to a quantitative restriction.

11. No party may adopt or maintain a quantitative restriction under this Section on a textile or apparel good if that good has been integrated into the GATT as a result of commitments undertaken by that Party pursuant to any successor agreement to the Multifiber Arrangement.

12. A Party may take a bilateral emergency action after the expiration of the transition period to deal with cases of serious damage to domestic industry arising from the operation of this Agreement only with the consent of the Party against whose good the action would be taken.

Section 6: Special Provisions

A Party shall treat the textile or apparel goods of another Party set out in Appendix 6.0 in accordance with the provisions therein.

Section 7: Review and Revision of Rules of Origin

1. (a) The Parties shall monitor the effects of the application of the rule of origin contained in Annex 401.1 applicable to goods of subheading 6212.10. No earlier than 15 months after the date of entry into force of this Agreement, any Party may request consultations to seek a mutually satisfactory solution to any difficulties that it considers results from the application of that rule of origin.

(b) If the Parties fail to reach a mutually satisfactory solution through consultations within 90 days of a request for consultations, any Party may request that the rule applicable to subheading 6212.10 be changed to the rule applicable to headings 62.06 through 62.11 of the Harmonized System (HS) with respect to trade with the requesting Party. Any such change shall be effective no earlier than 180 days following the request therefor. The Parties shall take measures to ease any resulting administrative burden on producers.

(c) Unless otherwise agreed, at any time after the initial consultations, and within the transition period of this Agreement, any Party may make one request for additional consultations under the same procedures provided in paragraphs (a) and (b).

2. (a) At the request of any Party, the Parties shall consult to consider whether specific goods should be made subject to different rules of origin in order to address issues of availability of supply of fibers, yarns or fabrics within the free trade area.

(b) In the consultations, each Party shall consider all data presented by a Party showing substantial production in its territory for a good submitted for review. A legitimate claim of substantial production of the good in the territory of a Party shall be deemed to exist if that Party can show that its domestic producers are capable of supplying commercial quantities of the good in a timely manner.

(c) The Parties shall make every effort to conclude consultations within sixty days. Any agreement between two or more Parties resulting from these consultations

shall be considered part of this Agreement. If agreement is not reached, the Parties have recourse to the provisions of paragraph 8(a) of Appendix 6.6.

(d) In this context, at the request of any Party, the Parties shall consult to consider whether the rules of origin applicable to the following provisions in Annex 401.1 should be amended in view of increasing availability of supply of relevant yarns or fabrics within the free trade area;

(i) Canadian tariff item 5407.60.10, United States tariff item 5407.60.22 and Mexican tariff item 5407.60.02,

(ii) provisions (i) through (viii) of the rule for subheadings 6205.20 through 6205.30,

(iii) note 2 to Chapter 61,

(iv) note 2 to Chapter 62, and

(v) Canadian tariff item 6303.92.a1, United States tariff item 6303.92.h1 and Mexican tariff item 6303.92.x1.

3. The Parties shall review the rules of origin applicable to textile and apparel goods within five years after the date of entry into force of this Agreement to take into account the effect of increasing global competition on textile and apparel goods, and the implications of any integration into the GATT of textile and apparel goods pursuant to any successor agreement to the Multifiber Arrangement. The Parties shall give particular consideration to operative rules in other economic association or integration agreements and developments related to textile and apparel production and trade between the Parties and worldwide.

Section 8: Labelling Requirements

To facilitate trade in textile and apparel goods between the Parties through the harmonization of domestic labelling requirements and the elimination of unnecessary obstacles to trade resulting from differences in such requirements, the Subcommittee on Labelling of Textile and Apparel Goods established under Article 913(5) shall perform the functions set out in Annex 913-D.

Section 9: Trade in Worn Clothing and Other Worn Articles

1. The Parties hereby establish a Committee on Trade in Worn

Clothing comprising representatives of each Party. The purpose of the Committee shall be to assess the potential effects that may result from the elimination of restrictions, maintained by a Party prior to the date of entry into force of this Agreement, on trade in worn clothing and other worn articles as defined in the heading 63.09 of the HS. This Committee shall:

(a) include or consult with a broadly representative group from the manufacturing and retailing sectors in each Party; and

(b) act in a transparent manner and reach recommendations by consensus of all representatives involved.

2. The Committee shall develop and pursue a work program to consider the potential benefits and risks that may be derived from the elimination of restrictions on trade between the Parties in worn clothing and other worn articles, including the effects on business and employment opportunities, and on the market for textile and apparel goods in each Party.

3. Notwithstanding Article 309 and paragraph 2 of Section 3, a Party may maintain restrictions in effect upon the date of entry into force of this Agreement on the importation of worn clothing and other worn articles classified under heading 63.09 of the HS, unless the Parties agree otherwise on the basis of the recommendations presented to the Commission by the Committee on Trade in Worn Clothing.

APPENDIX 3.1

Administering Import and Export Restrictions and Consultation Levels

General Provisions Applicable Only to Trade Between Mexico and the United States and Between Mexico and Canada

1. A Party applying a restriction or consultation level on non-originating goods pursuant to Section 5 or paragraph 8 of this Appendix shall apply it in accordance with this Appendix and its Schedules.

2. An exporting Party whose textile or apparel good is subject to a restriction or consultation level shall limit its annual exports to the specified limits or levels, and the importing Party may assist the exporting Party in implementing such restriction or consultation level by controlling its imports.

3. Textile and apparel goods exported subject to restrictions or consultation levels shall be counted against the limits or levels applicable to the year in which exported. Exports in excess of authorized limits or levels in each calendar year shall, if allowed entry into the importing Party, be charged to the limit or level authorized for the succeeding year.

4. Each exporting Party whose goods are subject to a restriction or consultation level shall use its best efforts to space exports of such goods to the territory of the importing Party evenly throughout each calendar year, taking into consideration normal seasonal factors.

5. Upon written request by an exporting Party whose goods are subject to a restriction or consultation level, that Party and the importing Party shall enter into consultations, within 30 days of receipt of the written request therefor, on any question arising from the implementation of this Appendix. If the exporting Party considers that, as a result of a restriction or consultation level applied under this Appendix, it is being placed in an inequitable position in relation to another Party or a non-Party, the consulting Parties shall seek a mutually beneficial solution within 60 days of the request for consultations.

6. The Parties concerned may by mutual agreement adjust annual Designated Consultation Levels (DCLs) as follows:

(a) if an exporting Party whose goods are subject to a DCL wishes to export goods in any category in excess of the applicable DCL in any calendar year, that Party may present to the importing Party a formal written request for an increase in the DCL; and

(b) the importing Party shall respond, in writing, within 30 days of the receipt of the request. If the response to a request is negative, consultations shall take place not later than 15 days after the receipt of the negative response or as soon as mutually convenient. The Parties concerned shall endeavor to reach a mutually satisfactory solution. An exchange of letters shall confirm any agreement reached on any new DCL.

7. The Parties may adjust annual Specific Limits (SLs) as follows:

(a) an exporting Party wishing to adjust an SL in accordance with this paragraph shall provide notice to the importing Party of its intent to make such adjustment;

(b) that exporting Party may increase any SL by not more than 6 percent (swing); and

(c) in addition, exports from that Party may exceed by a maximum of 11 percent any SL by allocating to such limit for that calendar year an unused portion ("shortfall") of the corresponding limit for the previous calendar year ("carryover") or a portion of the corresponding limit for the succeeding calendar year ("carryforward") subject to the following conditions

(i) carryover may be utilized as available up to 11 percent of the receiving calendar year's applicable limits,

(ii) carryforward may be utilized up to 6 percent of the receiving calendar year's applicable limits and shall be charged against the succeeding calendar year's corresponding limits,

(iii) the combination of carryover and carryforward shall not exceed 11 percent of the receiving calendar year's applicable limits in any calendar year, and

(iv) carryover of shortfall shall be applied to any specific limit following notice given by the exporting Party and confirmation by the importing Party that sufficient shortfall exists. If the importing Party does not consider that sufficient shortfall exists, it will promptly provide data to support that view. If substantial statistical differences exist between the import and export data upon which shortfall for a given period is computed, the Parties shall work to resolve these differences promptly.

Provisions Applicable Only to Trade between Mexico and the United States

8. During the transition period, non-originating textile and apparel goods of Mexico exported to the United States shall be subject to the restrictions and consultation levels specified in Schedule 3.1.2, in accordance with this Appendix and its Schedules. (b) restrictions or consultation levels on items contained in the categories of textile and apparel goods in staging category 2 in Schedule 3.1.1 shall be eliminated on January 1, 2001; and

(c) restrictions or consultation levels on items contained in the categories of textile and apparel goods in staging category 3 in Schedule 3.1.1 shall be eliminated on January 1, 2004.

9. In addition, on January 1, 1994, the United States shall eliminate restrictions or consultation levels on textile and apparel goods that are:

(a) assembled in Mexico from fabrics wholly formed and cut in the United States; and

(b) exported from and reimported into the United States under U.S. tariff item 9802.00.80.10,

and, notwithstanding Section 5, shall not adopt or maintain prohibitions, restrictions, or consultation levels on textile and apparel goods of Mexico that satisfy the requirements of any successor provision to that U.S. tariff item.

10. Notwithstanding paragraph 8, no Party may apply the restrictions and consultation levels specified in Schedule 3.1.2 to the following textile and apparel goods, provided such goods have been certified by the competent authority of Mexico as one of the following:

(a) hand-loomed fabrics of a cottage industry;

(b) hand-made cottage industry goods made of such hand-loomed fabrics; or

(c) traditional folklore handicraft goods

that have been identified and agreed between the United States and Mexico for exemption from quantitative restrictions.

11. The Bilateral Textile Agreement Between the United States of America and the United Mexican States, signed at Mazatlan February 13, 1988, as amended and extended (the Bilateral Agreement), shall terminate upon the date of entry into force of this Agreement.

12. Except as otherwise provided in this Annex, the Parties shall eliminate the restrictions and consultation levels listed in Schedule 3.1.2 in accordance with the schedule provided in Schedule 3.1.1. At the request of either Party, the Parties shall consult to consider accelerating the elimination of restrictions or consultation levels on specific textile and apparel goods. An agreement between the Parties to accelerate the elimination of a restriction or consultation level shall be considered part of this Agreement, superseding Schedule 3.1.1.

13. During the first calendar year following the date of entry into force of this Agreement, Mexico may carry over any unused portion of the preceding year's limit specified in the Bilateral Agreement, or apply against the first year's limit specified in this Appendix any exports made during the preceding year in excess of the applicable limit under the Bilateral Agreement, in accordance with the flexibility provisions set forth in paragraph 7.

14. All exports of textiles and apparel goods from the territory of Mexico to the territory of the United States covered by restrictions or consultation levels under this Appendix shall be accompanied by an export visa issued by the competent authority of Mexico, pursuant to a bilateral visa arrangement, as amended.

15. At the written request of either Party, both Parties shall consult, within 30 days of receipt of the request, on any questions arising from the implementation of this Appendix. In addition, at the request of either Party, those Parties shall conduct a major review of this Section no later than five years from the date of entry into force of this Agreement.

16. For the purpose of applying restrictions or consultation levels, each Party shall classify a good as being:

(a) of man-made fibers if the good is in chief weight of man-made fibers, unless

(i) the good is knitted or crocheted apparel in which wool equals or exceeds 23 percent by weight of all fibers, in which case it shall be of wool,

(ii) the good is apparel, not knitted or crocheted, in which wool equals or exceeds 36 percent by weight of all fibers, in which case it shall be of wool, or

(iii) the good is a woven fabric in which wool equals or exceeds 36 percent by weight of all fibers, in which case it shall be of wool;

(b) of cotton, if not covered by (a) and if the good is in

chief weight of cotton, unless the good is a woven fabric in which wool equals or exceeds 36 percent by weight of all fibers, in which case it shall be of wool;

(c) of wool, if not covered by (a) or (b), and the good is in chief weight of wool; and

(d) of non-cotton vegetable fiber, if not covered by (a), (b), or (c), and the good is in chief weight of non-cotton vegetable fiber, unless

(i) cotton with wool and/or man-made fibers in the aggregate equal or exceed 50 percent by weight of the component fibers thereof and the cotton component equals or exceeds the weight of each of the total wool and/or man-made fiber components, in which case it shall be of cotton,

(ii) if not covered by (d)(i) and wool exceeds 17 percent by weight of all component fibers, in which case it shall be of wool, or

(iii) if not covered by (d)(i) or (d)(ii) and man-made fibers in combination with cotton and/or wool in the aggregate equal or exceed 50 percent by weight of the component fibers thereof and the man-made fiber component exceeds the weight of the total wool and/or total cotton component, in which case it shall be of man-made fibers.

Schedules

To determine which HS provisions are contained in a U.S. category listed in the Schedules in this Appendix, the Parties shall refer to the Correlation: Textile and Apparel Categories with the Harmonized Tariff Schedule of the United States, 1992 (or successor document), United States Department of Commerce, International Trade Administration, Office of Textiles and Apparel, Trade and Data Division, Washington, D.C.
