five consecutive years commencing on January 1, 1995.

5. For purposes of paragraph 4, the number of square meters equivalent that will be counted against the tariff preference levels applied to trade between Canada and the United States shall be:

Review and Consultations

8. (a) Trade in the goods described in paragraphs 1, 2, 4, and 6 shall be monitored by the Parties with a view to adjusting annual tariff preference levels for imports into Canada from Mexico and the United States, imports

into Mexico from Canada and the United States, and imports into the United States from Mexico at the request of a Party based on the ability to obtain supplies of particular fibers, yarns and fabrics, as appropriate, that can be used to produce originating goods. Any adjustment in the tariff preference level would require the mutual consent of the affected Parties.

(b) The United States and Canada will decide, in consultations as provided for in paragraph 3 of Section 7, whether to continue to apply annual growth factors to the specified tariff preference levels following the five consecutive years.
