installations

TYPE OF RESERVATION: National Treatment (Articles 1102, 1202)
Most-Favored-Nation (Articles 1103, 1203)
Local Presence (Article 1205)

DESCRIPTION: Cross-Border Services and Investment

Mexico reserves the right to adopt or maintain any measure relating to investment in, or provision of, telecommunications transport networks and telecommunication transport services. Telecommunications transport networks include the facilities to provide telecommunications transport services such as local basic telephone services, long-distance telephone services (national and international), rural telephone services, cellular telephone services, telephone booth services, satellite services, trunking, paging, mobile telephony, maritime telecommunication services, air telephone, telex, and data transmission services. Telecommunications transport services typically involve the real-time transmission of customer-supplied information between two or more points without any end-to-end change in the form or content of the customer's information, whether or not such services are offered to the public generally.
