

/* The conclusion of article 8 of the UCC on investment securities follows. */

8-311. Effect of Unauthorized Indorsement or Instruction.

Unless the owner or pledgee has ratified an unauthorized indorsement or instruction or is otherwise precluded from asserting its ineffectiveness:

(a) he may assert its ineffectiveness against the issuer or any purchaser, other than a purchaser for value and without notice of adverse claims, who has in good faith received a new, reissued, or re-registered certificated security on registration of transfer or received an initial transaction statement confirming the registration of transfer, pledge, or release of an equivalent uncertificated security to him; and

(b) an issuer who registers the transfer of a certificated security upon the unauthorized indorsement or who registers the transfer, pledge, or release of an uncertificated security upon the unauthorized instruction is subject to liability for improper registration (Section 8-404).

8-312. Effect of Guaranteeing Signature, Indorsement or Instruction.

(1) Any person guaranteeing a signature of an indorser of a certificated security warrants that at the time of signing:

(a) the signature was genuine;

(b) the signer was an appropriate person to indorse (Section 8-308); and

(c) the signer had legal capacity to sign.

(2) Any person guaranteeing a signature of the originator of an instruction warrants that at the time of signing:

(a) the signature was genuine;

(b) the signer was an appropriate person to originate the instruction (Section 8-308) if the person specified in the instruction as the registered owner or registered pledgee of the uncertificated security was, in fact, the registered owner or registered pledgee of the security, as to which fact the signature guarantor makes no warranty

(c) the signer had legal capacity to sign; and

(d) the taxpayer identification number, if any, appearing on the instruction as that of the registered owner or registered pledgee was the taxpayer identification number of the signer or of the owner or pledgee for whom the signer was acting.

(3) Any person specially guaranteeing the signature of the originator of an instruction makes not only the warranties of a signature guarantor (subsection (2)) but also warrants that at the time the instruction is presented to the issuer:

(a) the person specified in the instruction as the registered owner or registered pledgee of the uncertificated

security will be the registered owner or registered pledgee; and

(b) the transfer, pledge, or release of the uncertificated security requested in the instruction will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction.

(4) The guarantor under subsections (1) and (2) or the special guarantor under subsection (3) does not otherwise warrant the rightfulness of the particular transfer, pledge, or release.

(5) Any person guaranteeing an indorsement of a certificated security makes not only the warranties of a signature guarantor under subsection (1) but also warrants the rightfulness of the particular transfer in all respects.

(6) Any person guaranteeing an instruction requesting the transfer, pledge, or release of an uncertificated security makes not only the warranties of a special signature guarantor under subsection (3) but also warrants the rightfulness of the particular transfer, pledge, or release in all respects.

(7) No issuer may require a special guarantee of signature (subsection (3)), a guarantee of indorsement (subsection (5)), or a guarantee of instruction (subsection (6)) as a condition to registration of transfer, pledge, or release.

(8) The foregoing warranties are made to any person taking or dealing with the security in reliance on the guarantee, and the guarantor is liable to the person for any loss resulting from breach of the warranties.

8-313. When Transfer to Purchaser Occurs; Financial Intermediary as Bona Fide Purchaser; "Financial Intermediary".

(1) Transfer of a security or a limited interest (including a security interest) therein to a purchaser occurs only:

(a) at the time he or a person designated by him acquires possession of a certificated security;

(b) at the time the transfer, pledge, or release of an uncertificated security is registered to him or a person designated by him;

(c) at the time his financial intermediary acquires possession of a certificated security specially indorsed to or issued in the name of the purchaser;

(d) at the time a financial intermediary, not a clearing corporation, sends him confirmation of the purchase and also by book entry or otherwise identifies as belonging to the purchaser

(i) a specific certificated security in the financial intermediary's possession;

(ii) a quantity of securities that constitute or are part of a fungible bulk of certificated securities in the financial intermediary's possession or of uncertificated securities registered in the name of the financial intermediary; or

(iii) a quantity of securities that constitute or are part of a fungible bulk of securities shown on the account of the

financial intermediary on the books of another financial intermediary;

(e) with respect to an identified certificated security to be delivered while still in the possession of a third person, not a financial intermediary, at the time that person acknowledges that he holds for the purchaser;

(f) with respect to a specific uncertificated security the pledge or transfer of which has been registered to a third person, not a financial intermediary, at the time that person acknowledges that he holds for the purchaser;

(g) at the time appropriate entries to the account of the purchaser or a person designated by him on the books of a clearing corporation are made under Section 8-320;

(h) with respect to the transfer of a security interest where the debtor has signed a security agreement containing a description of the security, at the time a written notification, which, in the case of the creation of the security interest, is signed by the debtor (which may be a copy of the security agreement) or which, in the case of the release or assignment of the security interest created pursuant to this paragraph, is signed by the secured party, is received by

(i) a financial intermediary on whose books the interest of the transferor in the security appears;

(ii) a third person, not a financial intermediary, in possession of the security, if it is certificated;

(iii) a third person, not a financial intermediary, who is the registered owner of the security, if it is uncertificated and not subject to a registered pledge; or

(iv) a third person, not a financial intermediary, who is the registered pledgee of the security, if it is uncertificated and subject to a registered pledge;

(i) with respect to the transfer of a security interest where the transferor has signed a security agreement containing a description of the security, at the time new value is given by the secured party; or

(j) with respect to the transfer of a security interest where the secured party is a financial intermediary and the security has already been transferred to the financial intermediary under paragraphs (a), (b), (c), (d), or

(g), at the time the transferor has signed a security agreement containing a description of the security and value is given by the secured party.

(2) The purchaser is the owner of a security held for him by a financial intermediary, but cannot be a bona fide purchaser of a security so held except in the circumstances specified in paragraphs (c), (d)(i), and (g) of subsection (1). If a security so held is part of a fungible bulk, as in the circumstances specified in paragraphs (d)(ii) and (d)(iii) of subsection (1), the purchaser is the owner of a proportionate property interest in the fungible bulk.

(3) Notice of an adverse claim received by the financial

intermediary or by the purchaser after the financial intermediary takes delivery of a certificated security as a holder for value or after the transfer, pledge, or release of an uncertificated security has been registered free of the claim to a financial intermediary who has given value is not effective either as to the financial intermediary or as to the purchaser. However, as between the financial intermediary and the purchaser the purchaser may demand transfer of an equivalent security as to which no notice of adverse claim has been received.

(4) A "financial intermediary" is a bank, broker, clearing corporation, or other person (or the nominee of any of them) which in the ordinary course of its business maintains security accounts for its customers and is acting in that capacity. A financial intermediary may have a security interest in securities held in account for its customer.

8-314. Duty to Transfer, When Completed

(1) Unless otherwise agreed, if a sale of a security is made on an exchange or otherwise through brokers:

(a) the selling customer fulfills his duty to transfer at the time he:

(i) places a certificated security in the possession of the selling broker or a person designated by the broker;

(ii) causes an uncertificated security to be registered in the name of the selling broker or a person designated by the broker;

(iii) if requested, causes an acknowledgment to be made to the selling broker that a certificated or uncertificated security is held for the broker; or

(iv) places in the possession of the selling broker or of a person designated by the broker a transfer instruction for an uncertificated security, providing the issuer does not refuse to register the requested transfer if the instruction is presented to the issuer for registration within 30 days thereafter; and

(b) the selling broker, including a correspondent broker acting for a selling customer, fulfills his duty to transfer at the time he:

(i) places a certificated security in the possession of the buying broker or a person designated by the buying broker;

(ii) causes an uncertificated security to be registered in the name of the buying broker or a person designated by the buying broker;

(iii) places in the possession of the buying broker or of a person designated by the buying broker a transfer instruction for an uncertificated security, providing the issuer does not refuse to register the requested transfer if the instruction is presented to the issuer for registration within 30 days thereafter; or

(iv) effects clearance of the sale in accordance with the rules of the exchange on which the transaction took place.

(2) Except as provided in this section or unless otherwise agreed, a transferor's duty to transfer a security under a contract of purchase is not fulfilled until he:

(a) places a certificated security in form to be negotiated by the purchaser in the possession of the purchaser or of a person designated by the purchaser;

causes an uncertificated security to be registered in the name of the purchaser or a person designated by the purchaser; or

(c) if the purchaser requests, causes an acknowledgment to be made to the purchaser that a certificated or uncertificated security is held for the purchaser.

(3) Unless made on an exchange, a sale to a broker purchasing for his own account is within subsection (2) and not within subsection (1).

8-315. Action Against Transferee Based Upon Wrongful Transfer.

(1) Any person against whom the transfer of a security is wrongful for any reason, including his incapacity, as against anyone except a bona fide purchaser, may:

(a) reclaim possession of the certificated security wrongfully transferred;

(b) obtain possession of any new certificated security representing all or part of the same rights;

(c) compel the origination of an instruction to transfer to him or a person designated by him an uncertificated security constituting all or part of the same rights; or

(d) have damages.

(2) If the transfer is wrongful because of an unauthorized indorsement of a certificated security, the owner may also reclaim or obtain possession of the security or a new certificated security, even from a bona fide purchaser, if the ineffectiveness of the purported indorsement can be assented against him under the provisions of this Article on unauthorized indorsements (Section 8-311).

(3) The right to obtain or reclaim possession of a certificated security or to compel the origination of a transfer instruction may be specifically enforced and the transfer of a certificated or uncertificated security enjoined and a certificated security impounded pending the litigation.

8-316. Purchaser's Right to Requisites for Registration of Transfer, Pledge, Release on Books.

Unless otherwise agreed, the transferor of a certificated security or the transferor, pledgor, or pledgee of an uncertificated security on due demand must supply his purchaser with any proof of his authority to transfer, pledge, or release or with any other requisite necessary to obtain registration of the transfer, pledge, or release of the security; but if the transfer, pledge, or release is not for value, a transferor, pledgor, or pledgee need not do so unless the purchaser furnishes

the necessary expenses. Failure within a reasonable time to comply with a demand made gives the purchaser the right to reject or rescind the transfer, pledge, or release.

8-317. Creditors' Rights.

(1) Subject to the exceptions in subsections (3) and (4), no attachment or levy upon a certificated security or any share or other interest represented thereby which is outstanding is valid until the security is actually seized by the officer making the attachment or levy, but a certificated security which has been surrendered to the issuer may be reached by a creditor by legal process at the issuer's chief executive office in the United States.

(2) An uncertificated security registered in the name of the debtor may not be reached by a creditor except by legal process at the issuer's chief executive office in the United States.

(3) The interest of a debtor in a certificated security that is in the possession of a secured party not a financial intermediary or in an uncertificated security registered in the name of a secured party not a financial intermediary (or in the name of a nominee of the secured party) may be reached by a creditor by legal process upon the secured party.

(4) The interest of a debtor in a certificated security that is in the possession of or registered in the name of a financial intermediary or in an uncertificated security registered in the name of a financial intermediary may be reached by a creditor by legal process upon the financial intermediary on whose books the interest of the debtor appears.

(5) Unless otherwise provided by law, a creditor's lien upon the interest of a debtor in a security obtained pursuant to subsection (3) or (4) is not a restraint on the transfer of the security, free of the lien, to a third party for new value; but in the event of a transfer, the lien applies to the proceeds of the transfer in the hands of the secured party or financial intermediary, subject to any claims having priority.

(6) A creditor whose debtor is the owner of a security is entitled to aid from courts of appropriate jurisdiction, by injunction or otherwise, in reaching the security or in satisfying the claim by means allowed at law or in equity in regard to property that cannot readily be reached by ordinary legal process.

/* This sub-section stresses the need for physical possession of the stock certificate itself. */

8-318. No Conversion by Good Faith Conduct.

An agent or bailee who in good faith (including observance of reasonable commercial standards if he is in the business of buying, selling, or otherwise dealing with securities) has received certificated securities and sold, pledged, or delivered them or has sold or caused the transfer or pledge of uncertificated securities over which he had control according to the instructions of his principal, is not liable for conversion or for participation in breach of fiduciary duty although the principal had no right so to deal with the securities.

8-319. Statute of Frauds.

A contract for the sale of securities is not enforceable by way of action or defense unless:

(a) there is some writing signed by the party against whom enforcement is sought or by his authorized agent or broker, sufficient to indicate that a contract has been made for sale of a stated quantity of described securities at a defined or stated price;

(b) delivery of a certificated security or transfer instruction has been accepted, or transfer of an uncertificated security has been registered and the transferee has failed to send written objection to the issuer within 10 days after receipt of the initial transaction statement confirming the registration, or payment has been made, but the contract is enforceable under this provision only to the extent of the delivery, registration, or payment;

(c) within a reasonable time a writing in confirmation of the sale or purchase and sufficient against the sender under paragraph (a) has been received by the party against whom enforcement is sought and he has failed to send written objection to its contents within 10 days after its receipt; or

/* Unlike other portions of the UCC, the obligation to object is placed on both a merchant and non-merchant to object to notice of a securities transaction */.

(d) the party against whom enforcement is sought admits in his pleading, testimony, or otherwise in court that a contract was made for the sale of a stated quantity of described securities at a defined or stated price.

8-320. Transfer or Pledge Within Central Depository System.

(1) In addition to other methods, a transfer, pledge, or release of a security or any interest therein may be effected by the making of appropriate entries on the books of a clearing corporation reducing the account of the transferor, pledgor, or pledgee and increasing the account of the transferee, pledgee, or pledgor by the amount of the obligation or the number of shares or rights transferred, pledged, or released, if the security is shown on the account of a transferor, pledgor, or pledgee on the books of the clearing corporation; is subject to the control of the clearing corporation; and

(a) if certificated,

(i) is in the custody of the clearing corporation, another clearing corporation, a custodian bank, or a nominee of any of them; and

(ii) is in bearer form or indorsed in blank by an appropriate person or registered in the name of the clearing corporation, a custodian bank, or a nominee of any of them; or

(b) if uncertificated, is registered in the name of the clearing corporation, another clearing corporation, a custodian bank, or a nominee of any of them.

(2) Under this section entries may be made with respect to like securities or interests therein as a part of a fungible bulk and may refer merely to a quantity of a particular security without reference to the name of the registered owner, certificate or bond number, or the like, and, in appropriate cases, may be on a net basis taking into account other transfers, pledges, or releases of the same security.

(3) A transfer under this section is effective (Section 8-313) and the purchaser acquires the rights of the transferor (Section 8-301). A pledge or release under this section is the transfer of a limited interest. If a pledge or the creation of a security interest is intended, the security interest is perfected at the time when both value is given by the pledgee and the appropriate entries are made (Section 8-321). A transferee or pledgee under this section may be a bona fide purchaser (Section 8-302).

(4) A transfer or pledge under this section is not a registration of transfer under Part 4.

(5) That entries made on the books of the clearing corporation as provided in subsection (1) are not appropriate does not affect the validity or effect of the entries or the liabilities or obligations of the clearing corporation to any person adversely affected thereby.

8-321. Enforceability, Attachment, Perfection and Termination of Security Interests.

(1) A security interest in a security is enforceable and can attach only if it is transferred to the secured party or a person designated by him pursuant to a provision of section 8-313(1).

(2) A security interest so transferred pursuant to agreement by a transferor who has rights in the security to a transferee who has given value is a perfected security interest, but a security interest that has been transferred solely under paragraph (i) of Section 8-313(1) becomes unperfected after 21 days unless, within that time, the requirements for transfer under any other provision of Section 8-313(1) are satisfied.

(3) A security interest in a security is subject to the provisions of Article 9, but:

(a) no filing is required to perfect the security interest; and

(b) no written security agreement signed by the debtor is necessary to make the security interest enforceable, except as provided in paragraph (h), (i), or (j) of Section 8-313(1). The secured party has the rights and duties provided under Section 9-207, to the extent they are applicable, whether or not the security is certificated, and, if certificated, whether or not it is in his possession.

(4) Unless otherwise agreed, a security interest in a security is terminated by transfer to the debtor or a person designated by him pursuant to a provision of Section 8-313(1). If a security is thus transferred, the security interest, if not terminated, becomes unperfected unless the security is certificated and is delivered to the debtor for the purpose of

ultimate sale or exchange or presentation, collection, renewal, or registration of transfer. In that case, the security interest becomes unperfected after 21 days unless, within that time, the security (or securities for which it has been exchanged) is transferred to the secured party or a person designated by him pursuant to a provision of Section 8-313(1).

PART 4 REGISTRATION

8-401. Duty of Issuer to Register Transfer, Pledge, or Release.

(1) If a certificated security in registered form is presented to the issuer with a request to register transfer or an instruction is presented to the issuer with a request to register transfer, pledge, or release, the issuer shall register the transfer, pledge, or release as requested if:

(a) the security is indorsed or the instruction was originated by the appropriate person or persons (Section 8-308);

(b) reasonable assurance is given that those indorsements or instructions are genuine and effective (Section 8-402);

(c) the issuer has no duty as to adverse claims or has discharged the duty (Section 8-403);

(d) any applicable law relating to the collection of taxes has been complied with; and

(e) the transfer, pledge, or release is in fact rightful or is to a bona fide purchaser.

(2) If an issuer is under a duty to register a transfer, pledge, or release of a security, the issuer is also liable to the person presenting a certificated security or an instruction for registration or his principal for loss resulting from any unreasonable delay in registration or from failure or refusal to register the transfer, pledge, or release.

8-402. Assurance That Indorsements and Instructions Are Effective.

(1) The issuer may require the following assurance that each necessary indorsement of a certificated security or each instruction (Section 8-308) is genuine and effective:

(a) in all cases, a guarantee of the signature (Section 8-312(1) or (2)) of the person indorsing a certificated security or originating an instruction including, in the case of an instruction, a warranty of the taxpayer identification number or, in the absence thereof, other reasonable assurance of identity;

(b) if the indorsement is made or the instruction is originated by an agent, appropriate assurance of authority to sign;

(c) if the indorsement is made or the instruction is originated by a fiduciary, appropriate evidence of appointment or incumbency;

(d) if there is more than one fiduciary, reasonable

assurance that all who are required to sign have done so; and

(e) if the indorsement is made or the instruction is originated by a person not covered by any of the foregoing, assurance appropriate to the case corresponding as nearly as may be to the foregoing.

(2) A "guarantee of the signature" in subsection (1) means a guarantee signed by or on behalf of a person reasonably believed by the issuer to be responsible. The issuer may adopt standards with respect to responsibility if they are not manifestly unreasonable.

(3) Appropriate evidence of appointment or incumbency" in subsection (1) means:

(a) in the case of a fiduciary appointed or qualified by a court, a certificate issued by or under the direction or supervision of that court or an officer thereof and dated within 60 days before the date of presentation for transfer, pledge, or release; or

(b) in any other case, a copy of a document showing the appointment or a certificate issued by or on behalf of a person reasonably believed by the issuer to be responsible or, in the absence of that document or certificate, other evidence reasonably deemed by the issuer to be appropriate. The issuer may adopt standards with respect to the evidence if they are not manifestly unreasonable. The issuer is not charged with notice of the contents of any document obtained pursuant to this paragraph (b) except to the extent that the contents relate directly to the appointment or incumbency.

(4) The issuer may elect to require reasonable assurance beyond that specified in this section, but if it does so and, for a purpose other than that specified in subsection (3)(b), both requires and obtains a copy of a will, trust, indenture, articles of copartnership, by-laws, or other controlling instrument, it is charged with notice of all matters contained therein affecting the transfer, pledge, or release.

8-403. Issuer's Duty as to Adverse Claims.

(1) An issuer to whom a certificated security is presented for registration shall inquire into adverse claims if:

(a) a written notification of an adverse claim is received at a time and in a manner affording the issuer a reasonable opportunity to act on it prior to the issuance of a new, reissued, or re-registered certificated security, and the notification identifies the claimant, the registered owner, and the issue of which the security is a part, and provides an address for communications directed to the claimant; or

(b) the issuer is charged with notice of an adverse claim from a controlling Instrument it has elected to require under Section 8-402(4).

(2) The issuer may discharge any duty of inquiry by any reasonable means including notifying an adverse claimant by registered or certified mail at the address' furnished by him or, if there be no such address, at his residence or regular place of business that the certificated security has been presented for

registration of transfer by a named person, and that the transfer will be registered unless within 30 days from the date of mailing the notification, either:

(a) an appropriate restraining order, injunction, or other process issues from a court of competent jurisdiction; or

(b) there is filed with the issuer an indemnity bond, sufficient in the issuer's judgment to protect the issuer and any transfer agent, registrar, or other agent of the issuer involved from any loss it or they may suffer by complying with the adverse claim.

(3) Unless an issuer is charged with notice of an adverse claim from a controlling instrument which it has elected to require under Section 8-402(4) or receives notification of an adverse claim under subsection (1), if a certificated security presented for registration is indorsed by the appropriate person or persons the issuer is under no duty to inquire into adverse claims. In particular:

(a) an issuer registering a certificated security in the name of a person who is a fiduciary or who is described as a fiduciary is not bound to inquire into the existence, extent, or correct description of the fiduciary relationship; and thereafter the issuer may assume without inquiry that the newly registered owner continues to be the fiduciary until the issuer receives written notice that the fiduciary is no longer acting as such with respect to the particular security;

(b) an issuer registering transfer on an indorsement by a fiduciary is not bound to inquire whether the transfer is made in compliance with a controlling instrument or with the law of the state having jurisdiction of the fiduciary relationship, including any law requiring the fiduciary to obtain court approval of the transfer; and

(c) the issuer is not charged with notice of the contents of any court record or file or other recorded or unrecorded document even though the document is in its possession and even though the transfer is made on the indorsement of a fiduciary to the fiduciary himself or to his nominee.

/* The point here is that even if a court order specifying that someone is a fiduciary the issuer does not have to verify that a transaction is within the fiduciaries rights. This section cannot be read literally, because a literal reading of this section might mean that the issuer is not bound by the contents of a court order directing it to do something. */

(4) An issuer is under no duty as to adverse claims with respect to an uncertificated security except:

(a) claims embodied in a restraining order, injunction, or other legal process served upon the issuer if the process was served at a time and in a manner affording the issuer a reasonable opportunity to act on it in accordance with the requirements of subsection (5);

(b) claims of which the issuer has received a written notification from the registered owner or the registered pledgee if the notification was received at a time and in a manner affording the issuer a reasonable opportunity to act on it in

accordance with the requirements of subsection (5);

(c) claims (including restrictions on transfer not imposed by the issuer) to which the registration of transfer to the present registered owner was subject and were so noted in the initial transaction statement sent to him; and

(d) claims as to which an issuer is charged with notice from a controlling instrument it has elected to require under Section 8-402(4).

(5) If the issuer of an uncertificated security is under a duty as to an adverse claim, he discharges that duty by:

(a) including a notation of the claim in any statements sent with respect to the security under Sections SAOS(3), (6), and (7); and

(b) refusing to register the transfer or pledge of the security unless the nature of the claim does not preclude transfer or pledge subject thereto.

(6) If the transfer or pledge of the security is registered subject to an adverse claim, a notation of the claim must be included in the initial transaction statement and all subsequent statements sent to the transferee and pledgee under Section 8-408.

(7) Notwithstanding subsections (4) and (5), if an uncertificated security was subject to a registered pledge at the time the issuer first came under a duty as to a particular adverse claim, the issuer has no duty as to that claim if transfer of the security is requested by the registered pledgee or an appropriate person acting for the registered pledgee unless:

(a) the claim was embodied in legal process which expressly provides otherwise

(b) the claim was asserted in a written notification from the registered pledgee;

(c) the claim was one as to which the issuer was charged with notice from a controlling instrument it required under Section 8-402(4) in connection with the pledgee's request for transfer; or

(d) the transfer requested is to the registered owner.

8-404. Liability and Non-liability for Registration.

(1) Except as provided in any law relating to the collection of taxes, the issuer is not liable to the owner, pledgee, or any other person suffering loss as a result of the registration of a transfer, pledge, or release of a security if:

(a) there were on or with a certificated security the necessary indorsements or the issuer had received an instruction originated by an appropriate person (Section 8-308); and

(b) the issuer had no duty as to adverse claims or has discharged the duty (Section 8-403).

(2) If an issuer has registered a transfer of a certificated security to a person not entitled to it, the issuer on demand shall deliver a like security to the true owner unless:

- (a) the registration was pursuant to subsection (1);
- (b) the owner is precluded from asserting any claim for registering the transfer under Section 8-405(1); or
- (c) the delivery would result in overissue, in which case the issuer's liability is governed by Section 8-104.

(3) If an issuer has improperly registered a transfer, pledge, or release of an uncertificated security, the issuer on demand from the injured party shall restore the records as to the injured party to the condition that would have obtained if the improper registration had not been made unless:

- (a) the registration was pursuant to subsection (1); or
- (b) the registration would result in overissue, in which case the issuer's liability is governed by Section 8-104.

8-40S. Lost, Destroyed, and Stolen Certificated Securities.

(1) If a certificated security has been lost, apparently destroyed, or wrongfully taken, and the owner fails to notify the issuer of that fact within a reasonable time after he has notice of it and the issuer registers a transfer of the security before receiving notification, the owner is precluded from asserting against the issuer any claim for registering the transfer under Section 8-404 or any claim to a new security under this section.

(2) If the owner of a certificated security claims that the security has been lost, destroyed, or wrongfully taken, the issuer shall issue a new certificated security or, at the option of the issuer, an equivalent uncertificated security in place of the original security if the owner:

- (a) so requests before the issuer has notice that the security has been acquired by a bona fide purchaser;
- (b) files with the issuer a sufficient indemnity bond; and
- (c) satisfies any other reasonable requirements imposed by the issuer.

(3) If, after the issue of a new certificated or uncertificated security, a bona fide purchaser of the original certificated security presents it for registration of transfer, the issuer shall register the transfer unless registration would result in overissue, in which event the issuer's liability is governed by Section 8-104. In addition to any rights on the indemnity bond, the issuer may recover the new certificated security from the person to whom it was issued or any person taking under him except a bona fide purchaser or may cancel the Uncertificated security unless a bona fide purchaser or any person taking under a bona fide purchaser is then the registered owner or registered pledgee thereof.

8-406. Duty of Authenticating Trustee, Transfer Agent, or Registrar.

(1) if a person acts as authenticating trustee, transfer agent, registrar, or other agent for an issuer in the registration of transfers of its certificated securities or in the registration of transfers, pledges, and releases of its uncertificated securities, in the issue of new securities, or in the cancellation of surrendered securities:

(a) he is under a duty to the issuer to exercise good faith and due diligence in performing his functions; and

(b) with regard to the particular functions he performs, he has the same obligation to the holder or owner of a certificated security or to the owner or pledgee of an uncertificated security and has the same rights and privileges as the issuer has in regard to those functions.

(2) Notice to an authenticating trustee, transfer agent, registrar or other agent is notice to the issuer with respect to the functions performed by the agent.

8-407. Exchangeability of Securities.

(1) No issuer is subject to the requirements of this section unless it regularly maintains a system for issuing the class of securities involved under which both certificated and uncertificated securities are regularly issued to the category of owners, which includes the person in whose name the new security is to be registered.

(2) Upon surrender of a certificated security with all necessary indorsements and presentation of a written request by the person surrendering the security, the issuer, if he has no duty as to adverse claims or has discharged the duty (Section 8403), shall issue to the person or a person designated by him an equivalent uncertificated security subject to all liens, restrictions, and claims that were noted on the certificated security.

(3) Upon receipt of a transfer instruction originated by an appropriate person who so requests, the issuer of an uncertificated security shall cancel the uncertificated security and issue an equivalent certificated security on which must be noted conspicuously any liens and restrictions of the issuer and any adverse claims (as to which the issuer has a duty under Section 8-403(4)) to which the uncertificated security was subject. The certificated security shall be registered in the name of and delivered to:

(a) the registered owner, if the uncertificated security was not subject to a registered pledge; or

(b) the registered pledgee, if the uncertificated security was subject to a registered pledge.

8-408. Statements of Uncertificated Securities.
