

# Select Node

358755\_PixelRule.tiff ↗

You select a node by clicking on it with the mouse or by navigating from the currently selected node to it with the arrow keys. Multiple selection is not possible. Clicking outside of a node produces an empty selection.

## Navigation with the arrow keys

**Left arrow:** move to parent of selected node.

**Right arrow:** move to first child of selected node.

**Down arrow:** move to next sibling of selected node.

**Up arrow:** move to previous sibling of selected node.
