This utility was written by David John Burrowes, and modified in July 1993.   If you have questions, comments, or whatever, you can presently find me at the following EMail addresses:

```
davidjohn@kira.net.netcom.com (NeXT mail accepted)
death@netcom.com              (No NeXTmail)
```

And, thanks to Michael McCulloch who helped correct a serious misunderstanding that I had about filter services!

Of course the various product names I mention here are owned by their respective companies (Macintosh by Apple, NeXT by NeXT, PostScript by Adobe, etc).
