LispDoc woodfilter

358755_PixelRule.tiff ¬

Lets you filter in trees describing lisp functions.

The file format for this filter is:

([Method,Function]   name ("description") list-of-children)

For example:

(Method match ("matches foo") (Function do ("does something"))
    (Method free ("free all")))

produces the tree:

paste.eps ¬

1PixelRule.tiff ¬
