October 23 to November 21

Sign number # 8

Ruler - Mars

Element - Water

Quality - Fixed

Key Words - Regeneration, resourcefulness, secrecy

Ego - I desire

Resourceful, intense, serious, have a special physical magnetism, powerful feelings and emotions. They need a sense of purpose. Highly imaginable, discerning, subtle, persistent, determined, jealous, resentful, stubborn, obstinate and intractable. Very secretive about themselves and yet very nosy about others also very suspicious. They can be very jealous, not only in love but at work. They are jealous of anything that poses a threat to them. They like to be No.1.

They have a cruel streak which can be very easily provoked if they feel victimized. Scorpion have an enormous power source "When they want to use it" giving them second depths which are often unsuspected by less emotional people. When properly channelled, it can give the native a great quantity of endurance, a battle against severe odds in order to win even to the point of tramping on other people. They can be very dictatorial and very opinionated. They possess the ability to find the weak spot in

others and if you become the enemy, they can attack you at the most opportune moment regardless of where you are or who is around. Being ruled by Mars, they have very little tact. They are very possessive and capable of experiencing great extremes of imagination. Like an animal a Scorpion will turn on himself if he feels he has failed.

### **Decans:**

October 23 to November 1

Most intense of the Scorpio . They are capable of achieving much or hurting deeply, very mysterious in that they are more capable of a much greater depth than other people are apt to realize.

November 2 to November 11

Given to more creative pastimes than the other decans. With a strong Neptune influence in this decan, they are capable of being deceived much easier than the other decans. They need a great deal more love particularly from a strong minded partner.

November 12 to November 20

This is the most emotional of the Scorpio and the most likely to ignore the innate power of correct timing. The native has a tendency to throw caution to the wind and can be very moody.
