**Calendar** is my **8th** public release of a NeXT application.

**Calendar** is the **2nd** release of this application.

My hope in creating this application is that it will be useful for someone out there in NeXTland. If you use it and like it please drop me a line.

## My other NeXT Applications:

1-

**Converter**, A metric conversion application.

Version 1.0 dated February 22, 1992

2-

**Currency**, If you work with foreign money exchange? This application is for you. Version 1.0 dated March 13, 1992

3-

**BankNote**, Have you ever wondered what a Japanese Yen or a German Mark look's like? Well, take a look!  
Version 1.0 dated April 25, 1992

4-

**How**, A kind-of-game kind-of-puzzle application. Select an image and the NeXT will read your mind... Version 1.0 dated May 3, 1992

5-

**Calendar**, A cute little calendar application using the NeXTstep

interface. Version 1.1 dated May 23, 1992

6-

**Amortize**, A loan amortization tool for your personal finances.  
Version 1.0 dated June 14, 1992

7-

**E-Helper**, An Ohm's law and an electronic resistor color code calculator. Version 1.0 dated August 16, 1992

8-

**Calendar Version 2.0**, A multi-calendar application using the NeXTstep 3.0. Version 2.0 dated May 9, 1993
