 *  agreement.   Refer to the license document included with the
 *  MiscKit distribution for these terms.
 *
 *  Version: 1.1 (22 October 1993)
 *  Rohit Khare: 10/29/94:  rangePanel added
 *  Added a line/character count panel as in Edit. This is a local hack that
 *  relies on talking to a Text, not a searchableText, so I don't know how
 *  generic it is. The code is almost completely borrowed from:
        Find Manager

        copyright: NOT! Feel free to use any of the source to Find Manager.
