

## ABOUT KEYWARE

This is a commercial quality product made available as **KEYWARE**. You are encouraged and free to distribute this package in its entirety as-is. You are NOT permitted to distribute the key code (the "**KEY**") which you may have licensed from PlayMaker, Inc.

The **KEYWARE** system works this way: You can play a portion of the product to get a feel for the game. When you are ready to purchase the full game, you simply send in your order information to obtain a key code. When you receive the key code, you then select the Register PlayMaker Football... menu item under the Apple (🍏) menu. This brings up a dialog that allows you to type in your name and key, thereby registering your copy of **PlayMaker Football™** and unlocking the full feature set.

You have five options for how to send us your order information. The first four require use of a Visa, MasterCard or American Express credit card.

1. **WORLD WIDE WEB.** Visit PlayMaker's web site at <http://www.playmaker.com> and click on the Order button. When the form appears, type in all of your information and click on the Submit button.
2. **EMAIL.** Fill out the order form in the **PlayMaker Football™** folder titled "PMFB v2.2-Order Form." Then either copy and paste the contents in an email or attach the completed form to an email and send it to PlayMaker's order email address at [orders@playmaker.com](mailto:orders@playmaker.com)
3. **FAX.** Fill out the order form in the **PlayMaker Football™** folder titled "PMFB v2.2-Order Form", print it out if necessary, and fax it to PlayMaker's fax in the U.S. at 770/384-0728.
4. **TOLL FREE TELEPHONE.** Call our order line in the U.S. at 800/324-7774 and give the operators your order information over the phone.
5. **MAIL. FAX.** Fill out the order form in the **PlayMaker Football™** folder titled "PMFB v2.2-Order Form", print it out, and mail it to us at PlayMaker, Inc./1412 Milford Chase Ct./Marietta, GA 30060. If you are paying by check or money order, please be sure to enclose it with your order.

On receiving your order, we will create your personalized key code and send it to you. E-mail is the fastest way for us to return it to you, so please include a valid Internet address with your order if you have one. (At the time of this writing, we are filling orders within one week of receiving of them. We realize that this may seem like a long time and we will be seeking ways to improve on this.)

By offering this game as **KEYWARE**, we are able to save production, packaging, and distribution costs. As you can see by our low price, we pass these savings on to you! The documentation for this game is provided electronically in the DocMaker™ format. Otherwise, the **KEYWARE** version is identical to retail versions that have been available and may be available again in the future. The only difference is the money you save!
