

## Welcome to the Demo Version of AmoebArena™

This demo allows you to play a two player game against two different computer opponents or watch the full-blown game in action as four computer opponents duke it out in slimy combat!

The complete version of AmoebArena™ features:

2-4 player games

3 more challenging computer opponents, all with unique attitudes and styles of play

Watch the players graphically and audibly express their emotions while playing

Two more addictive play modes: The Tournament and Neurotron's Challenge

A complete editor to allow modification of the game for near infinite possibilities

Plenty of great rendered movies as rewards for excellent game play

Over 40 premade scenarios

And much more! So enjoy the demo, become an addict, and go buy your copy of AmoebArena™ today!
