

Wild boar

亥

- Scissors line
- - - Mountain fold
- · - Valley fold
- Glue tabs
- Insert without adding glue
- Cut in line

When attaching ⑩, bend the face so that it is curved and then fit the part into the snout.

Assembly Instructions

1. Cut carefully along the line.
2. Use an implement such as a used ball-point pen to score lines in the paper to make careful mountain folds and valley folds.
3. Refer to the diagrams as you add glue and assemble the parts in order.
