

FidoNet(tm) Standards Committee
Document Naming and Index of FSC Documents
FSCINX-0 August 18, 1986

A. Naming Convention

1. Document names begin with "FSC."
2. Documents are numbered sequentially from 000.
3. This document is an exception to the above rule, as it is named FSCINX.
4. Filenames of all but ARC files end in a version number or letter.
5. Extensions are
 - a) .ARC - Archive file
 - b) .PCO - PC-Outline
 - c) .PRN - Printer file, may not be easily read on screen
 - d) .TXT - ASCII text file for screen or printer
6. Therefore, this document is named FSCINX-0.PCO or .PRN; and the resulting ARC file is FSCINX.ARC.

B. Distribution and Availability

1. Most documents are copyright IFNA, but may be copied and distributed for noncommercial use.
2. Master copies of published documents are available on FidoNet 1/0
3. In-process drafts are available from 122/6.

C. Numeric Index of Documents

FSCINX - Document Naming and Index of FSC documents
FSC000 - FidoNet Standards Committee Goals and Organization
FSC001 - A Basic FidoNet Technical Standard
FSC002 - The Disotribution Nodelist

D. KWIK Index of Documents

Ok folk, who has a KWIK for the Clone?
