CMPQwk 1.14 Registration Form

Please register this product if you intend to use it. If you are a registered user of another offline mail reader such as *OLX* or *WinQwk*, please see UPGRADE.WRI.

If you would like to register via Compuserve, please see the file **COMPUSERV.WRI** .

If you are a SysOp and would like to register 10 or more copies at one time, please see the file **SYSOP.WRI**.

Make your check or money order out to Derek Backus. If you pay by check, your registration key will be mailed to you as soon as the check has been processed, which generally amounts to about ten working days. Money orders are usually faster, but in any event expect your registration postcard to arrive within two to three weeks (maximum) for orders in the continental United States. Foreign orders may take from eight to sixteen weeks or more, depending on the mail service and mailing method.

Upgrades may take longer than new orders due to the verification process.

Please fill in the information below. If you have any questions or comments, put them on another piece of paper or better yet, send them to Derek via The Patchbay BBS, The Dataphile BBS or Compuserve. See the help file for details on this.
