

Dear Microsoft® Customer:

This package contains the additional text converters and graphics filters for Microsoft Word 6.0 for Windows™ that you recently requested. If this shipment has arrived in unsatisfactory condition, please let us know. In the United States, call Microsoft Sales and Service at (800) 426-9400. Outside the United States, contact your local Microsoft subsidiary.

The following lists show the converters and filters included in this package. To use them, follow the setup instructions in this letter. If you have questions about installing or using these converters and filters, one of our Product Support Services technicians will be glad to assist you. In the United States call (206) 462-WORD between 6:00 A.M. and 6:00 P.M. Pacific time. Outside the United States, contact your local Microsoft subsidiary.

Supplied Text Converters

The supplied text converters support files in the listed formats. Unless otherwise specified, conversion is supported both to and from Word for Windows. Import only means conversion is only supported to Word for Windows.

- Lotus® 1-2-3® version 2.x and 3.x formats. *(import only)*
- Microsoft Publisher for Windows version 2.0 format.
- Microsoft Word for MS-DOS glossary files version 5.0, 5.5, and 6.0 formats. *(import only)*
- Microsoft Word for Windows version 1.x format. *(only required for export)*
- Microsoft Works for MS-DOS® format.
- Microsoft Works for Windows version 2.0 format.
- MultiMate® version 3.3, 4.0, MultiMate Advantage, and MultiMate Advantage II formats.
- Multiplan® version 3.x and 4.2 formats. *(import only)*
- WordPerfect® version 4.1 and 4.2 formats.
- WordStar® version 3.3, 3.45, 4.0, 5.0, 5.5, 6.0 and 7.0 formats.

Supplied Graphics Filters

The supplied graphics filters support files in the listed formats. All supplied filters only support conversion to Word for Windows.

- AutoCAD® (DXF) format. *(import only)*
- AutoCAD plotter files (ADI) format. *(import only)*
- Corel®DRAW 3.0 (CDR) format. *(import only)*
- HP Graphics Language (HPGL) / HP Plotter Print File (PLT) format. *(import only)*
- Kodak® Photo CD (PCD) format. *(import only)*
- Lotus 1-2-3 graphics file (PIC) format. *(import only)*
- Truevision Targa (TGA) format. *(import only)*

Setup Instructions:

1. Start Microsoft Windows.
2. Insert the disk labeled **Supplemental File Conversions - Setup** in drive A.
3. From Program Manager, select File menu and Choose Run.
4. Type **a:\setup** and press ENTER.

For more information about using Word with documents created in other word-processing programs, see the File Conversion topic of the *Word Readme Help* (WDREADME.HLP) file installed with Word 6.0 for Windows. More information about the supplied converters and filters is included in the online document SCNVINFO.DOC which is installed with the converters and filters.

Thank you for your support of Microsoft products.
