GENERAL NOTES

I tried to use more common sense and convenience than Geographical rules in the list. It is "ZONED" in area groups.

Sheet1

The EU-ME (Europe Mediterranean) area includes
North Africa, the Middle East, Greece, etc
It is this way for convenience and ease of flying.

Countries with several sceneries built for them are listed
individually: UK, IT(aly), FR(ance), SP(ain)
AF(rica), etc.

Info on missing data will be appreciated.

Any problems or corrections? Leave me an E-Mail.

HINT: If you say want to fly over France, you can just

Delete previous AIRPTS?? files!
