

Informational Document v2.0

Windows Edition

Stormtrooper spotting player

Document By
Action Jackson

November 10, 1994

This document is copyright 1994 by Mike Chesnut. Distribution of this document is allowed provided no part is changed in any way, shape, or form. This document may be printed for the sole purpose of individual use. No fee may be charged for the distribution of this document. The various pictures, sounds, etc. found throughout this document are for the sole purpose of showing the reader a demonstration of Star Wars DOOM, and may not be used outside of this document.

Star Wars is a trademark of Lucasfilm Ltd. DOOM is a trademark of id Software, Inc. Windows is a trademark of Microsoft Corporation. All other trademarks and copyrights are acknowledged.

Note: The following document is composed of a series of Windows Object Packager objects, embedded in the document. Activating these objects is as simple as double-clicking on their icons. If you are having trouble viewing the various embedded objects, consult your Windows 3.1 manual.

To listen to the sample sounds and music, you must have the appropriate sound drivers installed. If you aren't using Windows Write to view this document, you may experience some problems with off-centered text and other formatting problems. It is recommended that you use Write to read this document.
