The DynRisk-Help file

This file contains information about the basic operations of the DynRisk application. The information is organized as a set of topics. Each topic contains one or more pages of help text with corresponding illustrations.

Use the "Topic" popup menu in the toolbar to select the topic you want to learn about.

For more information about how to use this file see the "Help Toolbar" topic.

Getting started

To get started with DynRisk modeling we recommend the following sections of the DynRisk-Help file:

• 1.2 Tutorial

• 6.1 Data flow

Understanding DynRisk

For a more comprehensive explanation about how DynRisk works, you should read the rest of Chapter 6 as well as Chapter 4.

The DynRisk menus and toolbars

A complete description of all the DynRisk menu commands can be found in Chapter 2. Similarly, explanations about how to use the DynRisk toolbars is found in Chapter 3. Use these chapters as a reference guide.
