

-- Heart of Doom --

This is a simple demonstration scenario for DragonMaze™. For the latest version and a full 10 level scenario see the ordering instruction under Help.

The town of Elster near you home has been under attack by evil forces. There was recently a major battle East of town where the proud folks of Elster were narrowly victorious.

Since the battle the elders of Elster have determined to strike back. They sent you a message that read:

"Please be our hero. We need a strong warrior to help us strike a blow against our enemy before we are utterly destroyed.

There are two brother, both powerful wizards, one is fire and the other ice. They live in two different castles to the South East. One of them is behind these attacks.

Discover who is doing this to us and destroy them.

- Good Luck!"

You make up your mind and get ready to head out.
