

Galley

by Adam Miller

on't just surf the Net, sail it. But don't just sail it, sail it with a big cannon on your starboard bow. In Galley, it's high-speed action on the high seas, and if you don't blast the other guy out of the water first, you'll be sinking fast. So you need that cannon.

GALLEY FEATURES:

- Real time combat
- Mines, Pumps, Cannons, and Treasure!
- Alliances
- Chat Room
