

Registration

- Benefits of Registration

When you register your copy of Space Madness, you will receive free technical support and free updates for Space Madness for as long as you own the game (or until we go out of business). Registration of Space Madness also entitles you to five U.S. dollars off the price of any other High Risk Ventures product when you order that product directly from High Risk Ventures. When you register you will receive a code that will enable you to remove the registration screen from the program and allow you to create demonstration versions of Space Madness that you can give to your friends or upload to bulletin boards. You will receive a credit of five U.S. dollars toward the purchase of any High Risk Ventures product for each person who orders Space Madness directly from High Risk Ventures and gives us your registered serial number when they order.

- How to Register

If you ordered Space Madness directly from High Risk Ventures you are already registered. To complete the process you only need to type in the code found in the file named Registration Code on the install disk.

If you did not order Space Madness directly from High Risk Ventures you can register by telephone, electronic mail, or paper mail. You will need the serial number of your copy of the program. The serial number is located on the bottom left-hand corner of the registration screen. Launch Space Madness and press R to get to the registration screen.

The fastest way to register is by telephone. Our telephone numbers may be found in the Contact Information chapter. Someone is available to take your call 24 hours a day.

If you prefer to register by email, please send your name, mailing address, and serial number to one of the email addresses listed in the Contact Information chapter.

If neither of the above methods is convenient for you, please feel free to contact us by regular mail. A U.S. mail postage-paid registration card is included with the original disks. If you do not have the registration card, send your name, mailing address, and serial number to the address shown in the Contact Information chapter.

- Registration Transfer Policy

If you choose to sell your copy of Space Madness, you don't have to notify us. You will automatically become unregistered when the new owner registers their copy.

If your copy of Space Madness is currently registered to someone else, just complete the registration process as described above just as if you bought it new. You will become the new registered owner of your copy of Space Madness, and you will be entitled to all of the benefits that come with being a registered user.
