

## Registration

CacheSaver is distributed as shareware. If you use it, please pay the shareware fee so we can continue to provide you with quality products and support.

You may try CacheSaver for 30 days, after which we ask that you either delete your copy or register it by sending \$10 (US) via the Kagi Shareware registration service. Upon registration, you will receive free technical support, free upgrades, and a code to disable the reminder message that begins popping up after 30 days.

Cash, check, VISA, MasterCard, American Express, First Virtual and Money Orders can be used for payment. Just click the "Register" button in CacheSaver's about box or run the "Register SCS" program that came with CacheSaver. Fill in the online registration form and fax, email, or mail it to one of the addresses below. For credit card and First Virtual orders, your number will be encoded so it can be safely transmitted via fax or email.

Use these addresses for registrations only

Payments sent via email are processed within 3 to 4 days. Payments sent via mail and fax take up to 10 days (plus transit time for mail). If you provide a correct Internet email address you will receive an email acknowledgement. Otherwise, a registration letter will be sent to you via the postal service.

There are reduced prices for purchasing multiple copies of CacheSaver. These prices are automatically computed by the online registration form when you fill in the number of copies. For large purchases, the site license option will allow you to use CacheSaver at all your organization's offices within a 100 mile (160 kilometer) radius of each other, while the worldwide license option allows you to use an unlimited number of copies. Again, see the online registration form for pricing of these options.

If you would like to submit a purchase order, please do so directly to St. Clair Software at one of the addresses listed in the Technical Support section.
