Legal Mumbo Jumbo - You need to read it!

First and foremost, whatever we want goes! Whatever you're
thinking of, it's probably illegal. There is no warranty with
this application. No implied warranty. No expressed warranty.
No warranty of any kind! Get it? NO WARRANTY! Okay, uhhmmm,
oh yeah, this software is freeware (it ought to cost you but
it doesn't). You may give this application to all of your friends,
at least the ones you really like. You may post this application
to your favorite BBS. Companies who sell diskettes, or CD-ROMs,
full of shareware and freeware MAY NOT put this application on
their disks without first contacting us and receiving permission.

Thank you for taking the time to read this - enjoy!
