Getting Started

Click on any area of the USA map to reach a regional map.

On the left-hand side of the screen is an Icon Bar with 11 icons representing a variety of attractions and institutions and a Media icon. Click to select a category and icons representing those types of attractions will appear on the map.

If you wish to narrow your selection to attractions containing audio and/or video, click on the Media icon and icons representing those attractions will appear on the map.

If you wish to select all the attractions and institutions in the geographic area, click the All button on the icon bar. If you wish to cancel any selections, click None.

To select attractions and institutions from the displayed icons, use the mouse to drag a box around the icon or icons in your geographic level of interest.

The List box containing the selected items will be displayed in the upper right-hand corner of the screen. To view illustrations and information about an attraction, double-click the item in the list or click the Show/Eye icon.

The Multimedia Display of the attraction will appear.

On the Multimedia display, click on a photo, audio or video icon to view the illustrations for an attraction.

Click the Closed Book icon to view the address, schedule and descriptive information for your selection. Click on the Open Book icon to close the information.

Click on the Bookmark icon to add a selection to a Bookmark list. This enables you to return to this selection at a later time by selecting the item from the Bookmark list. To add an item to the list, click the Add icon. To delete an item from the list, click the Delete icon.

A click on the List icon returns you to the List box to choose another selection.

A click on the Map icon returns you to the map.

Click on the Compass icon to move North, South, East or West on the map.

If you wish to see a more detailed map view, click on the [Zoom In](#) icon, then click on the area of the map you wish to Zoom into.

Click on the [Zoom Out](#) icon to return to the USA or regional map.

Click on the [Search / Walking Fingers](#) icon to open the Search button bar.

Click on the [City/State](#) icon to open the City/State Search form. Choose a state from the state list then select or type in a city name. Click on the Show/Eye icon and a detailed map for that geographic area will load. The city you have chosen will be highlighted in a small box displayed on the map. You may click on this box to dismiss it. The City/State search can also be activated by clicking on the City/State button on the USA map.

Click on the [Video](#) or [Audio](#) icons for attractions with video and audio.

Click on the [State Slide Show](#) icon for a list of state slide shows.
