Register by Mail

Use the attached order form to register/order by mail. The only forms of payment currently accepted are by check for United States dollars drawn on a United States bank. The cost of processing a check drawn on an international bank is typically $25-30, which is prohibitively expensive. If you do send a check drawn on a U.S. bank, but from an international branch, make sure the check clearly states where a U.S. branch of that bank is located.
