MICROSOFT LICENSE AGREEMENT

for Microsoft Windows NT Prerelease Network Client Code

1. **GRANT OF LICENSE TO USE.** Microsoft Corporation ("Microsoft") grants to you the non-exclusive, non-assignable right to use the enclosed Microsoft prerelease software in object code form (the "MS Code") on a maximum of ten (10) systems solely for your internal use and evaluation. The MS Code shall not be copied, or used for any other purpose and you agree to destroy or erase all copies of the MS Code upon Microsoft's release of the MS Code in final form. Except as provided herein, Microsoft does not grant any express or implied right to you or under Microsoft patents, copyrights, trademarks, or trade secret information. You may not reverse engineer, decompile, or disassemble the MS Code except to the extent that the foregoing restriction is expressly prohibited by applicable law. You may not rent or lease the MS Code, or otherwise transfer the MS Code and accompanying printed materials.

2. **PRELIMINARY CODE.** The MS Code provided herein is prerelease code and not at the level of functionality, performance and compatibility of the final, generally available product offering. The code may be substantially modified prior to first commercial shipment.

3. **CONFIDENTIALITY.** The MS Code and any accompanying printed materials are confidential and proprietary to Microsoft and its suppliers. You agree not to disclose or provide the MS Code, printed materials, or any information relating to the MS Code (including the existence of the MS Code or the results of use or testing) to any other party without Microsoft's written permission. Unauthorized use or disclosure of the MS Code or printed materials may cause irreparable harm to Microsoft and its suppliers. You agree to promptly report any unauthorized use or disclosure to Microsoft.

4. **TERMINATION.** Microsoft may terminate this Agreement in writing at any time, with or without cause. Upon termination, you shall immediately return, or certify destruction of, all full or partial copies of the MS Code and all other materials provided by Microsoft. You agree that your obligation regarding non-disclosure of any information shall survive termination of this Agreement.

5. **NO WARRANTIES.** The MS Code and accompanying written materials are provided "as is", without warranty of any kind. To the maximum extent permitted by law, Microsoft disclaims all warranties, either express or implied, including but not limited to implied warranties of merchantability and fitness for a particular purpose. The entire risk arising out of the use or performance of the MS Code and any accompanying written materials remains with you.

6. **NO LIABILITY FOR CONSEQUENTIAL DAMAGES.** To the maximum extent permitted by applicable law: in no event shall Microsoft or its suppliers be liable for any damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or other pecuniary loss) arising out of the use of or inability to use the MS Code, even if Microsoft has been advised of the possibility of such damages. Because some states/jurisdictions do not allow the exclusion or limitation of liability for consequential or incidental damages, the above limitation may not apply to you.

7. **MISCELLANEOUS.** If you acquired this product in the United States, this Agreement is governed by the laws of the State of Washington. If you acquired this product outside the United States, local law may apply. If either party employs attorneys to enforce any rights arising out of or relating to this Agreement, the prevailing party shall be entitled to recover reasonable attorneys fees, costs and expenses.

8. U.S. GOVERNMENT RESTRICTED RIGHTS. Any software and documentation provided under this Agreement is provided with RESTRICTED RIGHTS. Use, duplication, or disclosure by the Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of The Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 or subparagraphs (c)(1) and (2) of the Commercial Computer Software -- Restricted Rights at 48 CFR 52.227-19, as applicable. Manufacturer is Microsoft Corporation, One Microsoft Way, Redmond, WA 98052-6399.
