# Windows CodeBack Registration Form

If you register WCB, you will get a fully functional version, that includes support for Linear Executables, W3 files (such as WIN386.EXE) and symbolic information files (.SYMs). The package also contains example files and a printed documentation.

Please fill out this registration form and send it to: Leslie Pusztai Jr., 15 Molnár Borbála Street, 3980 Sátoraljaújhely, Hungary.

Payment must be made by check, or International Money Order payable to Leslie Pusztai Jr. in USA dollars (outside Hungary). Hungarian payments will be accepted in HUF (Hungarian Ft).

Payment may be made by a check not payable through a Hungarian bank for amounts over $100.00 (USD). Please make the payment in USA funds and add a $40.00 surcharge to cover handling and bank transfer costs. This surcharge does **not** apply to bank checks which are written for USA funds payable through a Hungarian bank.

Please allow several weeks for the check to clear and for delivery.
