

Home Business Guide for Windows **Copyright 1994 Jim Tolliver all rights reserved**

Outline of Chapter 2 of the Home Business Guide for Windows:

1. **Selecting your business based on your knowledge, skills, and predicted demand.**
2. **How the Home Business Guide itself was created, or how you can apply a proven successful formula for your own publishing business.**
3. **Distribution, marketing, accounting, taxes, developing a business plan.**

Outline of Chapter 3 of the Home Business Guide for Windows or how to use the United States Government as your partner.

1. **How to obtain government money. From small loans to millions in capital.**
2. **Where to obtain business and legal help for free.**
3. **Buying foreclosed property.**
4. **Tapping government information which can help you select and operate your business.**
5. **Buying government surplus and confiscated (tax and criminal) goods at a steal.**

Why order the complete Home Business Guide instead of buying any old book?

1. **The Home Business Guide is sold direct from me the author, so you are always getting up to date information.**
2. **By having the information always available on your computer, it will not slip your mind or wind up in a book case. The tools you need will be handy.**
3. **The HBG is the real thing, I make a good living in computers and am not just another writer . I have many successful products in wide distribution, including a retail CDROM.**
4. **The guide itself is proof you can make money from home, starting with simple tools which are easy to come by.**
5. **The complete HBG is a comprehensive list of what you will need to get started. It also includes the formula for creating and marketing your own publications.**
6. **The guide is only \$29 the government information alone is worth many times this amount.**
